

GC Steel Enlarges Expansion Program

Adding High-Speed Annealing Line For Tin Plate, 61 Coke Ovens

The board of directors of the Granite City Steel Co., meeting here yesterday approved the construction of a battery of 61 coke ovens and a high-speed continuous annealing line to process light gauge steel for tin plate.

The two new projects are to be added to other construction or scheduled in an expansion program at Granite City Steel, largest steel producer in the area.

The company plans to add 300,000 tons of annual steel ingot capacity in its open hearth furnace department by 1962, bringing total capacity to 1,740,000 tons of steel a year, an increase of 20%.

Other improvement and additions in the rolling and finishing departments will make possible a substantial increase in shipments of cold rolled steel products, including galvanized and tin plate.

Preparing for Further Demands
Nicholas P. Veeder, chairman of the board and president, said Granite City Steel is expanding in this period so we can meet future increases in the demand for steel products in the market area. The expected growth of manufacturing activity in the Midwest and Southwest in the next few years will require a higher level of production on our part.

The directors also approved an arrangement for a \$300,000, two-year revolving credit line with seven banks, convertible at the company's option to a four-year term loan. This new loan arrangement became necessary with the enlargement of Granite City Steel's expansion program, and it replaces a \$170,000 bank credit arranged a year ago but never used.

Veeder said it was not possible to determine at this time how much of the cost of the expansion program will be met by retained earnings and how much of the \$300,000 bank credit will be drawn on.

The 61 Koppers-Becker by-product coke ovens will be added, Veeder said, to "support" Granite City Steel's growing out put of blast furnace iron. One of the major raw materials used in making steel, coke, is grayish-black, porous fuel produced by intense heat and is the agent that reduces iron oxide (ore) to iron in the blast furnaces.

New Blast Furnace
The company will "blow in" a large new blast furnace next October, replacing a furnace that has just been torn down. It will then be able to produce about 134,000 tons of pig iron a year for use in its steel-making open hearth furnaces.

The coke oven battery will be built by the Koppers Co., Inc. of Pittsburgh, Pa., next to two existing batteries.

The coke oven battery for completion in about 14 months. The 61 ovens will consume about 1325 tons of bituminous coal a day and produce about 1000 tons of coke — adding about 80% to Granite City Steel's cooking capacity and making the company.

Section of Ohio Engineer Depot To Move Here

The Granite City Engineer Depot is expected to add some 57 permanent personnel during the first half of 1961, when it is scheduled to be moved to its new mission, it was learned today. The local depot's payroll should increase about \$300,000 annually.

Because of absorbing part of the functions of the Ohio unit, it has been estimated that the annual recurring workload will increase about 4500 tons a year in processing (22%) and 5700 tons in shipping (34%). The storage labor force would increase to 30% of the present minimum, or 96 people, but elimination of some inspectors and other reductions will make the overall increase lower.

The transfer of functions will result with the Madison County Engineer Depot, Marion, O., is reduced to a reserve storage mission. This is to be accomplished prior to June 30 next year. Other missions of the Ohio unit, storage and maintenance, will be transferred to the depot.

When the transfer is completed, the maintenance function here also will increase through the transfer of cryogenics equipment responsibility from the depot to the addition of Kentucky and Ohio to the local depot's maintenance.

A cryogenic (low temperature) plant will be maintained for the purpose of liquefaction of nitrogen and oxygen for use in missile jet pilot breathing equipment and pressurizing equipment.

In testing such plants, the depot said, "loud eerie sounds are sometimes emitted."

During February about 18,500 tons of equipment will be transferred here in the initial phase. No additional permanent staff is anticipated for this, however.

Band Concert Sunday In West Granite Park

A 25-piece band concert featuring "gold standard marches" will be presented Sunday by the Granite City High School band.

The concert will be given from 5 to 7 p.m. at Triangle Park adjacent to Rock road in West Granite City.

Park Recreation Director Harold H. Hargrove said he expects to attend, so that future band concerts might be scheduled if the response warrants it.

A third neighborhood concert is already tentatively planned for August 28, but the location has not been established. It will be held again in West Granite City, or the Glenview subdivision or elsewhere in the community area.

The first concert was held in Wilson Park as part of the July 4 celebration this year.

GC Tax Collection Ends Locally Today

With \$4,788,490 in 1959 taxes paid through yesterday, Granite City Township Tax Collector Frank Suppington said this morning that the local collection is now ended.

The collector's books are to be returned to the county treasurer's office in Edwardsville where property owners with unpaid tax bills will be required to make payments.

Tax payments this week have amounted to \$43,095. The township's total tax bill for 1959, including back taxes, amounts to \$5,252,961, of which Suppington said about \$200,000 was "dead."

MADISON VOLUNTEER FIREMEN proudly display the latest addition to their equipment.

Costing \$17,000, the powerful new pumper truck can jet steam 750 gallons of water a minute. It was purchased by the Madison Fire Department from the Fire Chief E. J. Miller, Benjamin Bosworth, assisted by Chief John Belloc, Albert Topal, Joseph Scar, Shirley Barton, John Michaels, Raymond Stawar, and Vasil Gravela. Standing in rear, some order, are Paul Besserman and Manuel Rossman. Members not attending include Joseph Kalesa, Donald Broyles, William Havel, Eldon Rhodes, Frank Riddle, Emil Ulanski, Charles Voloski and Elmer Smith.

Venice Festival Starts Tomorrow

Three-Day Homecoming To Feature Annual 'Miss Venice' Contest

Hundreds of spectators are expected to be on hand at Lee Park, Venice, on Friday when 11 youthful candidates compete for a sparkling title which will grace the head of Miss Venice 1960 during a coronation ceremony.

The festival will be the first evening of Venice's 13th annual Homecoming festivities.

In addition to the beauty contest the annual three-day Homecoming festival will feature concessions, carnival rides, sporting events and music.

The special attractions include a fish fry from 4 p.m. to midnight Friday, Junior League baseball exhibition game between the Granite City Taylor Kark Rockets and Belleville's Peerless Kannel team of Signal Hill 6 p.m., Mayor Stephen A. Macrae, recently returned from a week's vacation, called for a motion picture, the Illinois Inspection Bureau, to resurvey the community to secure a reduction in the city's fire insurance rating.

The action was approved during Tuesday evening's council meeting.

If an inspection proves favorable to the Madison cause, he continued, it might mean savings as high as 10% for home owners and even greater savings possible, in some instances, for operators of commercial or business properties. A successful test would mean that Madison would be lowered from its present insurance risk category of six to a "five" rating.

The last IIR inspection was held in 1950 at which time the city's rating was lowered from the seventh category to the one now in force. At the time of the inspection, it was stipulated that a number of requirements for additional lowering of rates would be the acquisition of fire-truck with a capacity of pumping 750 gallons of water a minute. The new Madison pumper, approved by the IIR earlier last week, fully meets this standard.

The mayor read to the council a letter from the chief of highway engineers, E. K. Batsch, after a recommendation, the department concurred with the city's proposal to share on a 50-50 basis with the city.

Callicalls At Smith Plant Begin Monday

The annual retooling change-over for 1961 and 1962 is now completed at A. O. Smith Corp. plant, Callicalls will begin Monday and continue through the third week in September to bring the plant to normal operating conditions.

Some 200 parts department workers will be recalled next week. Another 300-400 workers will be called back the second and third weeks in September.

The shutdown operation began July 15 with all but some 450 employees being laid off. Many of the personnel involved used the period as part of their vacation.

Requests To Administer Blood Program Awaited

"Sometime in September" was set today by Tri-Cities American Red Cross Chapter Chairman George Eubanks for a joint meeting of representatives of labor, civic and business organizations interested in establishing a community blood program.

Red Cross has received one letter from such an organization requesting that the chapter administer such a program. "We are hopeful that additional organizations will make similar requests," Eubanks said, "for it will be the people, not the Red Cross — who will be the real power behind such a program."

He said that the September meeting date will be called as soon as a sufficient number of requests have been received. The meeting will find out just what type of program the community would like to see. Necessary committees will be selected from among the representatives of the various organizations attending the meeting.

The chairman added, "Eubanks said he had received no word as to a pending decision by the St. Elizabeth Hospital board of directors as to one early phase of the program which has been proposed.

Under it, the hospital and the patient receiving blood here would split the cost of handling the blood, each paying \$4 per unit. "The blood split is actually supplied free of charge," Eubanks continued. "The \$8 cost per unit covers administrative costs, bottles, transportation and the like," he explained.

Undergo Surgery

John Chelery, 1750 Spruce street, and Louise Smith, 2828 Madison avenue, are recovering at St. Elizabeth Hospital from surgery which they underwent this week.

SIDEWALK REPLACEMENT, one of the major projects carried out each year by the Granite City street department, being supervised in the 2600 block of Grand avenue by the Supl. of Streets William Warfield (left). The city this year plans to spend \$18,000 for replacement of broken walkways.

Madison To Apply For Lower Fire Insurance Rating

Burglars made off with items varying from tires to TV sets this week in seven separate incidents reported to Granite City and Madison police.

A total of seven portable TV sets were taken in two separate thefts and a furniture store reported the loss of over \$1200 in merchandise Tuesday.

Furniture Store Looted

In a pre-dawn looting of the Furniture Co., 909 Madison avenue, on Tuesday burglars carted off merchandise valued at \$1220.

Stolen articles consisted of four portable TV sets; nine transistor radios; and one battery operated phonograph.

The break-in took place between 2:30 a.m. and 4:30 a.m.

Albert Beckman Dies Lifelong GC Resident

Albert Beckman, 61, of 2500 Rock road, a Granite City resident all his life, was dead on arrival 8:45 p.m. yesterday at St. Elizabeth Hospital after suffering a heart attack at his home. Granite City firemen were called to the home in an attempt to revive him with inhalant treatment. He had been ill one month.

Born in Venice Township and a farmer most of his life, he was the son of the late Mr. and Mrs. Fred Beckman.

Survivors are two brothers, August and Charles Beckman, both of Granite City; three sisters, Mrs. Otto (Anna) Swartz and Mrs. William (Frieda) Wachter, both of Granite City, and Mrs. William (Verna) Schilling of Edwardsville.

Funeral arrangements are given in today's obituary column.

Burglars Steal 7 TV Sets At Madison Store, GC Shop

Tuesday, Madison police called.

Two officers on patrol found a mover's dolly abandoned in an alley entrance between Madison avenue and Iowa street on Eighth street, behind the 7-Up warehouse.

Checking further they found that thieves had gained entrance to the furniture store by prying open a door on the north side of the building near the front with either a heavy screw driver or jimmy. Three deep indentations marked where the tool had been inserted between the door and jam.

The sneak-thieves left with the merchandise through a rear door also on the north side, taking care, police added, to carefully close both the doors.

Later, the officers talked to a soft drink truck driver, Edward Hansen, St. Anne, Mo., who was working in the warehouse at 4 a.m. He told them he had not seen or heard anyone.

TV Sets Stolen

The front door of the Townsend TV & Radio shop, 2712 Nameoki road, was forced open between 3:15 and 3:45 a.m. today. It was reported to Granite City police by Frank Townsend.

Taken were three portable TV sets, with a total retail value of \$360. Police working with fingerprints not yet known to belong to the burglar, said a crowbar was apparently used to gain entrance.

One of the sets, a 19-inch model, was new. The others, 21-inch and 17-inch models, were used.

Six New Tires Taken

Six new white wall tires still in wrapping paper were stolen from Wells Tire City Tire, 2248 Madison avenue, between 8 a.m. and 4 p.m. Monday. It was reported to Granite City police by an employee, W. L. Wallace.

The tires, with an estimated value of \$120, were taken from a display rack on the south side of the building adjoining a parking lot. T. J. Hiltz is owner of the establishment.

If health hazards and property damage resulting from Granite City's present "inadequate" sewer disposal system is to be eliminated, a new relief system must be installed, said the opinion of Edward Juneau, civil engineer with Shepard, Morze & Selva, Inc. of St. Louis.

Tuesday's Granite City Rotary Club luncheon meeting at the Y.M.C.A. Juneau called the existing sewer system "inadequate to deal with the increasing volume of sanitary wastes and ground slope."

For an example of how impervious surfaces would govern surface construction, Juneau compared the large amount of storm water runoff from sloped roads in the downtown area to the lesser runoff in residential areas with lawns and houses more widely spaced. In such areas, water absorption is much higher.

No official estimates of cost have been made, but Juneau said unofficial "guesstimates" range from \$100,000 to \$200,000.

Nine Persons Hurt In Five Traffic Accidents In Area

Nine persons were injured in five of the 13 traffic accidents reported in and near the Quad-Cities area.

Four persons, including a five-year-old Glen Carbon boy, were injured Monday afternoon in a two-car collision at 23rd street and Madison avenue. All of the injured were given emergency treatment at St. Elizabeth Hospital.

They were Mrs. Marie Hampton, 32, of 2640 Adams street, who was treated for cuts to both knees and bruises to the left side and left elbow; her grandson, Johnnie, 5, was treated for a cut to the forehead; and the two occupants of an alley entrance between Madison avenue and Iowa street on Eighth street, behind the 7-Up warehouse.

Checking further they found that thieves had gained entrance to the furniture store by prying open a door on the north side of the building near the front with either a heavy screw driver or jimmy. Three deep indentations marked where the tool had been inserted between the door and jam.

The sneak-thieves left with the merchandise through a rear door also on the north side, taking care, police added, to carefully close both the doors.

Later, the officers talked to a soft drink truck driver, Edward Hansen, St. Anne, Mo., who was working in the warehouse at 4 a.m. He told them he had not seen or heard anyone.

Two crashes at 111-162. Two accidents were reported by state police at the same location, the intersection of Highway 162 and 111, on Monday as a truck overturned and earlier two autos were involved in a collision.

The driver of the truck, Fred A. Renter, Mohonke, Mo., told police he was traveling south on Highway 111 about 4:45 p.m. and was backing before crossing the intersection when the right front wheel locked causing the truck to skid off the road and overturn. He was taken to St. Elizabeth Hospital where stitches were needed to close a cut on the right side of his face. Damage to the truck was estimated at \$200.

In the earlier accident, minor damage was done to both cars in a collision at the intersection. John A. Dwyer, 45, St. Louis told state police he was driving north on Highway 111, failed to see the stop sign at the intersection with 162 and collided with the rear of the car driven by Jessa J. Renter.

4 DAYS WITHOUT TRAFFIC DEATH

"A complete new staff for the new high school — a principal, teachers, clerical, janitors — is included; a 'three day' program for incoming, a textbook and instructional materials so as to improve the tools for the instructional program. Up-to-date textbooks and supplementary materials will replace old and outdated textbooks on a reasonable replacement plan," said Central, where last year some sharing of basic textbooks was required.

GC Sewer System Health Menace Engineer Says

Chairman G. W. Hoelscher has combined promotion with obtaining information on existing sewer systems. The results are now being compiled and evaluated, mainly to determine points of overloading.

Three Design Factors. The committee hopes a relief system will be constructed to eliminate such overloading, Juneau said. Design factors of the proposed system would consider rainfall intensity, impervious surfaces and ground slope.

For an example of how impervious surfaces would govern surface construction, Juneau compared the large amount of storm water runoff from sloped roads in the downtown area to the lesser runoff in residential areas with lawns and houses more widely spaced. In such areas, water absorption is much higher.

No official estimates of cost have been made, but Juneau said unofficial "guesstimates" range from \$100,000 to \$200,000.

Increased Educational Costs Expected To Boost Tax Rate To Maximum

Adopting a tentative 1960-61 budget of \$6,119,514, Granite City school board members voted Tuesday night to authorize the maximum \$17.50 educational tax rate, up 18 cents per \$100 assessed valuation from last year's \$15.57 educational rate.

The total budget, although down \$28,542 from last year's \$6,148,156, is a 2 percent reduction following completion of new school buildings, shows an increase in expenditures amounting to \$666,214 for all other school operations, except new construction. The \$666,214 increase is \$254,507 for added personnel needed for opening a new junior high school in West Granite and for an anticipated enrollment increase of 600 pupils in September, and \$202,000 for debt reduction.

The district ended the past fiscal year on July 1 with a \$100,000 debt, and is expected to issue tax anticipation warrants totaling \$1,099,738 during the current 1960-61 year.

A public hearing on the budget is scheduled for the regular board meeting on Sept. 13 at 7:30 p.m. It is now on public display at the board office in the Labor Temple building.

In presenting the budget to the board, Supt. Harold M. Kaiser said it was prepared to continue high educational standards and keep up with changes in educational trends by offering more mathematics, science and foreign languages, which he said are expected of graduates by the business world and the public.

Points Out Budget
He pointed out, the national average for a year's education for one pupil is expected to be \$425 in 1960, while the budget sets the cost in Granite City at \$400.

To keep a sound education program, Dr. Kaiser said, the board must maintain the present salary schedule with increments and salary increases as contracts were renewed.

It provides additional personnel at the elementary, junior and senior high school levels. Increases educational opportunities in the field of science and mathematics, reading, foreign language, and physical education. It provides additional teachers in English, foreign language, reading, business, education and athletics.

"A complete new staff for the new high school — a principal, teachers, clerical, janitors — is included; a 'three day' program for incoming, a textbook and instructional materials so as to improve the tools for the instructional program. Up-to-date textbooks and supplementary materials will replace old and outdated textbooks on a reasonable replacement plan," said Central, where last year some sharing of basic textbooks was required.

Protest Deadline Sept. 1 For Venice Taxpayers

Venice township taxpayers who after checking their 1960 personal property assessments appearing in today's Press-Record consider it incorrect, may protest to the board of review at the Edwardsville county treasurer's office, William Carson, chief deputy, said today.

Protest notices, which are published in a legal notation on pages 37, 38 and 39, total \$62,882. The figure is down \$52,810 from last year's assessment of \$62,537,000, and is still subject to revision. The total collection of \$21,773,000, plus \$25,365, and \$76,980 railroad. Only personal property value changes and changes in real estate property assessments are being published today.

Carson suggested that anyone wishing to file a protest may obtain necessary forms from an attorney, prepare them in duplicate, have them notarized, and submit them to the board of review prior to Sept. 1.

Although there is no complaint deadline, Carson pointed out that failure to pay or protest before the first installment becomes due would result in a 2 percent penalty that could not be protested.

Relief Work Plans Get IPAC Approval To Start Monday

A work program for able-bodied men getting relief assistance in Nameoki township will probably get underway the first of next week, Harry Briggs, supervisor for Nameoki, announced after a Monday conference with Lester Gentry, Edwardsville field representative for the Illinois Public Aid Commission.

The IPAC agent gave official approval to the detailed plan worked out by Briggs and Township Road Commissioner Charles Hanks which will make use of 18 eligible men who will be put to work cutting weeds, clearing culverts, and laboring on ditch projects.

The program, prepared under a new state law requiring township assistance, had previously received tentative approval from the state.

Keeping tool costs to a minimum, Briggs added that the only equipment needed will be scythes and a water cooler.

Hanks will be in complete charge of the continuing program, keeping tally of work assignments, number of hours worked by the men, and the amount of financial assistance each is receiving. The employees will be credited with the regular \$1.50 an hourly rate wage, which is the same figure received by the three full time workers.

The additional employees will not involve the layoff of any regular road workers, Briggs continued, but will prove a big help to the township road commission which at this time cannot afford to take on any more full time workers for its many miles of road maintenance.

In explaining how the system would work, the Nameoki supervisor said that the number of hours each man worked with the township road department would be proportionate to monthly financial assistance received. In further detail he illustrated by saying that if a family is budgeted to receive \$150 a month relief assistance, the man of the family would work the number of hours necessary to earn that figure, which would then be credited to his account.

Mrs. Fannie Runkel, 87, Dies Tuesday

Mrs. Minnie Agnes Runkel, 87, of 1540 Second street, Madison, died at 8:45 p.m. Tuesday at the Wutzler Nursing Home, Odell, Ill. She had been ill three years.

Mrs. Runkel was born in Thackery, Ill., and lived in Madison 38 years. Before becoming a member of the Second Baptist Church in Granite City, she was the sole remaining charter member of the First Baptist Church in Madison. She was a Gold Star Mother and a member of the Royal Neighbors and the Rebekahs. Her husband was the late Thomas Runkel.

Survivors are two sons, Alvin Runkel of Hillsboro, Ill., and Albert Runkel of Corona, Calif.; four daughters, Mrs. Fannie Goughly of Carbondale, Mrs. Thelma McClanahan and Mrs. Martha Bowman, both of Madison, and Mrs. Aileen Beck of Upland, Calif.; 16 grandchildren and 24 great-grandchildren.

Funeral arrangements are given in today's obituary column.

Daughter Born To Thomps Paulys

Mr. and Mrs. Thomas Pauly, 5669 Parhester, Normandy, Mo., are welcoming a daughter born Tuesday at DePaul Hospital, St. Louis. The baby weighed seven pounds, five ounces and has been named Dawn Ellen. She has a sister, Janet, four years old.

Both parents are former Granite Cityans. Mrs. Pauly's parents are Mr. and Mrs. Eugene Schnipper, and Mr. Pauly is a son of Mr. and Mrs. Edward Pauly.

Grease Burns In Skillet

Flaming grease in a skillet at 2940 Cayuga street resulted in a fire call at 3 p.m. yesterday. West Granite firemen answered the call and extinguished the blaze by throwing salt on it. Owned by Dorothy Ashford, the house was occupied by Mr. and Mrs. William Stephens. No loss was reported.

Following the judges decision, a first and second attendant will be chosen prior to the naming of the new queen who will be escorted to her throne by Mayor John E. Lee, where she receives her crown from the 1959 title holder, Jo Ann Fuller.

Included in the many gift awards are: an evening bag; string of pearls; a tiara; pad with pencil; transistor radio; necklace, earring, bracelet set; blouse, house slippers, veil;

three pair of hosiery; a merchandise gift certificate; a \$50 U. S. Savings Bond . . . all for the queen. The first attendant will receive a \$25 U. S. Savings Bond; and the second attendant will get a \$10 cash award. All contestants will be presented with charm gifts commemorating the event.

Exhibition Game

On Sunday, when the Granite City Taylor Kart Rockets tangle at 8 p.m. with Belleville's visiting Peoria Elmer team, the GC Bantam division champs

of the Owen Friend league will enter the fray sporting a 28-0 record, with impressive victories over divisional champs from East St. Louis and Highland.

The 13th annual Venice Homecoming's general chairman, Henry McMullen, is being assisted in the performance of his duties by the following chairman: Ray Kobbs, Thomas Foley, Clara Esserpries, Bessie Snell, Mary Maassan, Wesley Edwards, Lloyd Blumenstock, Ann Harden, Peter Foote, Lee Devany sr.,

Edward Esserpries, Lorraine Daniels, Albert Pace, William Meehan sr., Frederick Durer Jr., Bernard Anderson, James Reid-elberger, John Pier, Daniel McGee, Lisa Baure, Hilda Simmons and June Harris.

Mrs. Michael Leatherman, acting as spokesman for the group, told the Press-Record that net funds realized from the three-day program will be added to present investments for the purpose of a new community center in the city of Venice.

required and is being improved. The district will continue to maintain, through the budget, the present buildings through wise preventive maintenance, such as painting, repairs, shelving, walks, roof repairs, landscaping, added toilet facilities, black-topping playground areas and driveways.

"Replacement of worn out equipment in science, shops, general classrooms, furniture, typewriting, mathematics, band and subject areas is included as well as adding needed instructional equipment in various departments."

Budget Breakdown
The new tentative budget includes \$4,886,500 for educational purposes, up \$602,651, or \$239,672 for the building fund, down \$26,423, \$448,500 for bonds and interest, up \$100,862,500 for municipal retirement, up \$14,050. The new budget also sets up \$412,982 for new construction of which \$309,137 is to be paid with federal funds, and \$69,950 for transportation.

Estimated income from taxes includes \$2,845,113 for the educational fund, \$227,732 for the building fund, \$448,500 for bonds and interest, \$62,350 for municipal retirement and \$32,500 for transportation, for a total of \$3,626,745 to be raised by taxes.

the Illinois Power Co. the cost of setting back the string of white way lights along Madison avenue, preliminary to widening the thoroughfare.

Previously, the highway department had maintained it was the responsibility of IPC to relocate the poles, and that it alone should bear the cost of such an operation.

However, Maeras, in frequent correspondence with Bartelme's office, stressed the point that in a 10-year contract, signed three years ago with the power company, the city agreed to bear any cost of moving the light poles. And the mayor pointed out further that since IPC had offered to share the cost of the moving operation with the city, it would behoove the community to take full advantage of the opportunity.

Census Recount Fails
In other business, Maeras as compared to \$3,324,887 last year.

Income from other sources, such as \$1,244,754 state aid for the educational funds, totals \$1,891,200 for the educational fund, \$115,000 for the building fund and \$30,000 for the transportation fund.

noted with disappointment that the community's census survey, at a cost of approximately \$600, showed that 250 residents had been missed in the Federal census count, but this number fell short of the necessary five percent, or 355 persons, required for a no-cost government survey.

However, the mayor added, he thought a motion would be in order directing that the Madison census additions be forwarded to the Bureau of Census in Washington for inclusion with the official population count. Such an addition would raise the city's populace to 7351 in contrast to the government tabulation of 7101. The motion carried unanimously.

One final proposal was offered the solons, when Maeras, who after previous contact with the highway department, told the group that the state with its expensive array of spray painting vehicles would mark the divisional traffic line on State street for the relatively small expense of the paint used in the operation.

Window Peeper Reported

Granite City police received a report from St. Elizabeth Hospital at 11:58 p.m. yesterday about a subject peering into windows at the rear of the building, and hiding between cars. Hospital personnel said the subject appeared to be drunk. Police checked the area but were unable to locate anyone.

Two GC Students Winners In Legion Essay Contest

Granite City teenagers won third prize and honorable mention in the 11th annual American Legion Illinois school medal award essay contest, it was announced today.

Winner of \$150 third prize is William Etheridge, 19, son of Mr. and Mrs. L. Lester Etheridge, 2305 Washington avenue, who won honorable mention to Mary Rose Tourne, 14, daughter of Mr. and Mrs. Louis Tourne, 2305 Hodges avenue.

The contest, which this year drew an estimated 4000 entries from graduating students from elementary, junior high and senior high schools throughout the state, is held each year for winners on the Legion school medal awards on the essay topic of "How can the American Legion best serve the community?" Etheridge, a January graduate of Granite City high school, won for his essay on the Legion's role in civil defense and will use the prize money for tuition at the University of Illinois where he will be a second semester freshman majoring in engineering physics. He graduated in the top quarter of his high school class.

Mary Rose Tourne graduated in June from Sacred Heart school where she was near the top of her class scholastically. She will enter Coolidge junior high in September. Her essay was judged in the elementary and junior high school division. The award which makes students eligible for the contest is given each public, private and parochial school graduation to a student excelling in scholarship leadership and service.

Brewer Heads Legion Convention Planners

LaVerne Brewer was appointed activities chairman for the 22nd District American Legion convention which will be held in Granite City next June during a meeting of members of 7th-City American Legion Post 113 Tuesday night.

Brewer is to appoint a committee of five to assist in making arrangements for the convention. Post 113 will serve as the host unit.

Thirty-five members attended the meeting. Refreshments were served afterwards.

Mrs. Alma Schmitt Hospitalized

Mrs. Alma Schmitt, 87, mother of E. G. Schmitt, area manager for Illinois Power Co., is a patient at St. Anthony's Hospital in St. Louis where she will spend several weeks while undergoing treatment.

Mrs. Schmitt resides with a daughter in St. Louis.

Raymond Bachman Dies, Former Madison Chief

Raymond F. Bachman, 68, Rural Route Four, Edwardsville, a former chief of police in Madison, died at 6 p.m. Tuesday at Cochrane Veterans' Hospital, St. Louis. He had been ill over three years.

Madison police officer more than 19 years, he was born in Namooki and moved to Edwardsville from Madison about 12 years ago. He was police chief for some years until 1938. He currently owned the Edith House tavern and restaurant near Edwardsville and was a member of Venice-Madison American Legion Post 307. He was preceded in death by his wife, Mrs. Stella Bachman, about a year ago.

Survivors include two sisters, Dora Hunker of Fort Wayne, Ind., and Mrs. Eliza Lewis of Madison.

Funeral arrangements are given in today's obituary column.

Right-Of-Way Charge After Auto Accident

Failing to yield right-of-way was the charge against William H. Pruet, 21, of 1605 Kirkpatrick Homes, after he was involved in an auto accident Tuesday at 27th street and Grand avenue. Granite City police arrested Pruet about 5 p.m. after they alleged his auto ran through a stop sign, colliding with a vehicle driven by Mildred L. Talley, 49, of 1804 Primrose avenue, which was not required to stop. He was released after posting his driver's license as bond.

Crash On Madison Ave.

Two autos traveling south in the 2000 block of Madison avenue were involved in an accident Monday afternoon. Police were told by E. F. Largent, 65, of 2219 Lee avenue, that he observed to avoid a car pulling away from the curb and collided with the left front fender of the auto of Thomas R. Oliver, 27, of 1425 Third street, Madison, who was passing. No injuries were listed.

Madison, Venice School Registration Next Week

The registration of kindergarten pupils in the Venice school system and the registration of all pupils attending Madison schools will be held next week, according to announcements made by school officials today.

Madison public school students are to begin registering each morning next week, beginning Tuesday, Aug. 16. The morning registration sessions, from 9 a.m. until noon, are scheduled for all schools, Supt. Wensel Brown said.

Public schools in Madison will open on Monday, Aug. 29, with an expected enrollment of some 2800 students.

Kindergarten registration will be held in the Venice and Lincoln grade school principals' offices on Thursday, Aug. 18, from 9 a.m. until 1 p.m. and from 1 p.m. until 4 p.m., Supt. John O. Prie said.

He said children must be five years of age on or before Dec. 31 of this year to be eligible to register for the 1960-61 kindergarten term, which also begins on Monday, Aug. 29.

Children in kindergarten classes in Venice should present a birth certificate at the time of enrollment, and a health examination should be obtained by the end of September, the superintendent added.

In Madison, youngsters who plan to attend kindergarten at Harris or Louis Beer schools will register at the Harris school only, with the assignment of students to be made after addresses are studied and sorted.

Supt. Brown said the Blair and Dunbar kindergarten enrollment will be handled in the following manner: kindergarten age pupils living in the area east of the centerline of Merceda avenue and north of College street will enroll at Blair school; all others at Dunbar.

The same age requirements for kindergarten attendance as followed in the Venice system are also effective in the Madison school district. In Madison medical certificates will be required of youngsters entering kindergarten or the first grade for the first time, together with birth certificates.

Students who will enter the fifth and ninth grades will also be required to present medical examination certificates. All stu-

Five Persons Treated Monday At Hospital

Five persons, including three children, were given emergency treatment Monday at St. Elizabeth Hospital. Requiring stitches to close cuts were Mrs. Fanny Nolan, 46, of 1933 Third street, Madison, who received cuts on her right hand while washing dishes; and Bobbie Foshee, 10, son of Mr. and Mrs. Robert Foshee, 2136 Washington avenue, who dropped a brick on his foot. The number of stitches was not recorded.

Injured when a pair of scissors cut his right foot, Billy Erhardt, 8, son of Mr. and Mrs. Ernest Erhardt, Rural Route One, needed one stitch to close the cut. Eight stitches were required to close the cut right wrist of Tana Meinstrup, six-year-old daughter of Mr. and Mrs. Robert Meinstrup, 1856 Ferguson avenue, when she injured it on an auto license plate.

After x-rays were taken, a cast was applied to the fractured left wrist of Miss Mary Hillmer, 65, of 2709 Adams street, received in a fall. Also treated this week were Bonnie Braulley, 2, daughter of Mr. and Mrs. Fluke Braulley, 2032 Lindell blvd., who swallowed an undetermined amount of reducing tablets and needed stomach pumping. She was admitted for observation.

Blitten on the chest and right wrist by a dog, John Cochran, 10-year-old son of Mr. and Mrs. Clifford Cochran, 2445 Lincoln street, was treated and released. Three stitches were needed to close a cut to the forehead of Mr. and Mrs. Richard Bell, 3009 Ferguson avenue, incurred when her head struck a water tank.

Fictitious License Charges

Checking with motor vehicle authorities after a preliminary investigation of a car parked at Reynolds and Elizabeth streets revealed that there was only the rear license plate attached to the vehicle, which also had a flat tire, Madison police, aided by Granite City's force, charged the alleged car-owner, Landon Ray Fisher, 23, of 2040 Missouri avenue, with operating an unlicensed vehicle and using a fictitious license plate, Tuesday at 2 p.m. Posting a cash bond, Fisher is to appear Friday afternoon for a hearing.

Stop Sign Charge

Carl W. Jordan, 17, of 1222 College street, Venice, was issued a summons by Madison police Tuesday at 7:20 p.m. for passing a stop sign at 13th and Iowa streets. Posting his license as bond, he is to appear Friday afternoon for a hearing.

Truck On Restricted Street

Charged with driving a truck on restricted Third street, Tuesday afternoon, Gary L. Miller, 23, of Mount Sterling, posted his driver's license, as bond with Madison police pending a hearing tomorrow afternoon.

Residents Complain About House, Owner To Confer

Residents in the 2000 block of Illinois avenue have voiced complaints about the condition of a house moved there from the 2100 block of Dewey avenue. The complaints were that the dwelling failed to meet minimum city building requirements.

City Inspector Jack Fricker said today a conference would be scheduled with owner Veri J. Lewis, who moved the house after securing a city building permit, to establish what needs to be done to meet the requirements. Lewis said he planned to do a lot of work yet on the house.

Spengler, Millie & Mickey's Still Alive In Wood River ASA Tourney

Granite City's two entries in the Illinois ASA Class "A" regional at Wood River were still alive today, thanks to the double elimination provision of the tournament.

Millie and Mickey's was defeated last night by the Alton Chiefs, 8-0, but since it was the local squad's first loss, M&M gets another shot at the championship finals Friday night.

Tonight, Spengler Oil, which also has been beaten once, meets Jackson's of Alton, 5-4 winners over Chuck Diering Ford Tuesday night. The winner of the 8:30 p.m. contest will meet Millie and Mickey's Friday evening in the semi-finals.

Spengler Oil dealt Frank's Brake Service its second loss of the Jaycee Field meet Monday night to earn the right to meet Jackson's this evening.

Leo Six started for Millie and Mickey's last night and the Chiefs scored all of their eight runs off him in the first four innings. Ray Huff relieved in the fifth and the winners the rest of the way.

Jim Johnson, Chief's pitcher, was well-near invincible, however. He gave up only one hit, a single by shortstop Dan Clutts in the fourth, and struck out eight.

The tourney, which will send one team to the state Class "A" meet later this month, is scheduled to end Saturday night, provided the winners of the first round.

The Postmen, only team with a chance to tie the Steel Co. of the league lead, and A. O. Smith Corp. were both unable to field full teams in the nightcap, and the double loss gave the Steelers possession of first place by one full game.

Union Starch, which scored only two earned runs, took advantage of seven errors by the Steel Co. team to score five runs on only six hits. Catcher Harlet Warren drove in both earned runs with one of two singles he collected.

Norm Burnett and Wayne Wright both had doubles for the Postmen, who finished in third place. Winning pitcher Oren Harrison gave up seven hits, walked one and struck out seven. Loser Neil Melton fanned nine and walked two. Fred Cavani had two hits for the losers, including a double.

The final standings:

GO Steel Co.	6	3	..
GC Postmen	5	4	..
Union Starch	4	5	2
A. O. Smith Corp.	2	7	4*

MORE ABOUT Nine Persons Hurt

(Continued From Page 1)

L. Griffin, 25, Edwardsville, Dwyer was charged with disobeying a stop sign and being intoxicated on the highway.

Both drivers were alone and Griffin suffered minor injuries. Damage was estimated at \$75 to the Griffin auto and \$50 to Dwyer's.

Boy In Car Injured

A small boy, Mark Boone, 5, complained of back injuries in a non-collision mishap Monday afternoon at Jill and Carlson avenues, where his mother, Mrs. Bertha M. Boone, 32, of 3144 1/2

avenue stopped her station wagon suddenly to avoid an accident with another auto. Police were told the boy was thrown against the back of the front seat. Mrs. Boone said she would take the boy to the family physician for an examination.

Passenger Injured

A Madisonville, Ky., woman, Hattie Foster, 45, suffered minor injuries Monday afternoon in a collision involving an auto and a tractor-trailer truck at the 18th-

avenue street curve. She was a passenger in a car driven by Jesse B. Hollis, 49, of 1318 (rear) Grand avenue. Other passengers and the driver escaped injury.

Police said the auto and the truck, which was being operated by Nicholas Andrusky, 51, of St. Louis, were traveling in opposite directions and were on the curve when the accident occurred.

There was damage to the left front of the auto, which was towed away, and to the left rear tire on the truck.

Motorcyclist Hurt

A St. Louis motorcyclist, Orville McIntyre, 29, was treated at the local hospital about 4:15 a.m. today for severe lacerations and transferred to City Hospital, St. Louis. Details of the accident were not available.

Faulty License Display

Charged with having only one license plate displayed on his automobile, Marcus Dean Roberts, 18, of 1229 Lowe street, was arrested by Madison police Wednesday morning. He posted his driver's license as bond for a hearing Friday.

Cut In Bus Service Studied By GC Schools

A cutback in the number of bus routes for the senior high school to reduce costs and still maintain the service required by state law is under consideration by Granite City school board members.

At Tuesday night's meeting, the board rejected a joint proposal submitted by Community Coach Co. and will seek new bids for opening at 3 p.m. Aug. 22 for action at the regular Aug. 23 meeting.

Board Atty. Maurice Dailey explained schools are required to furnish transportation only to areas that are 1 1/2 miles or more away from public transportation.

The possibility of eliminating eight routes serving the senior high school are to be included in the new bids.

The board will seek bids from

Directors Of GC Steel Set 35-Cent Dividend

The board of directors of the Granite City Steel Co., meeting here yesterday, declared a cash dividend for the third quarter of 1960 of 35 cents per share of common stock outstanding, payable Sept. 15, to stockholders of record Aug. 23.

Cash dividends of 35 cents per share were also paid in the first and second quarters of this year.

The local firm, Pat Urban Coach Co. of Collinsville and the Caseyville Bus Lines for two or three-year contracts for all 44 existing routes and for the alternate proposal of eliminating eight routes at the high school.

The district is presently providing bus service for nearly 20% of the 10,800 enrollment.

30 Entries Are Possible In Class 'B' State Tourney

GC To Host Finals Again, Beginning Aug. 27; Champs Crowned Labor Day

Twenty-six teams will definitely enter the first round of the Illinois Amateur Softball Association's Class "B" state tournament at Wilson Park later this month, and the total may possibly be swelled to 30, Park Recreation Director and ASA Commissioner Harold Brown announced this week.

Two local entries, Modern Extremators and the Ravens, are on the list of participants, to-

gether with Decatur Indians, the runner-up in the 1959 meet who will act as defending champion since Titus Millie and Mickey's of Granite City has moved up to class "A" competition this year. Already committed to the finals here, according to ASA Commissioner Dick Eccles of Alton, are the winners and runners-up from sectionals to be held in Wood River, Ramsey, Peoria, Pekin, Bloomington, Springfield, Decatur, Paxton, Danville, Champaign and Strasburg.

the fifth inning. Post 1300 hit safely in every inning but the fifth, but Hardesty kept them scattered.

A game between Bethel Community and Nameoki Presbyterian scheduled earlier in the evening was not played, and is to be rescheduled at a later date, if possible, since its outcome could have a bearing on the final second and third place standings in the league.

Golf Tourney Winners

Elvin Poole shot the low net score for men and Mrs. Jeff Bitter the low handicap for women to win a four-hole golf tourney held in conjunction with the completion of the YMCA's golf instruction course last week. The tourney and classes were held on the Hillbrook layout near Edwardsville.

The winners of regional tournaments in Palestine, Cairo and Carbondale also will appear in the first round playoffs. Eccles said the first and second place teams from regionals in Mount Vernon and Quincy stanpols, not been definitely committed to the tournament, but will be entered if they desire bringing their total number of teams up to 30.

The tournament begins Saturday, Aug. 27, and will continue through Labor Day, with the championship game played that night. Pairings have not yet been drawn up, but Brown said in most instances regional winners will be matched with regional runners-up in the first round.

The state championships will be a single elimination arrangement, with no consolation bracket. Trophies will be awarded to the first and second place teams, the "most valuable player" of the tournament, and to 18 members of the championship team.

Tentative plans call for three games on the first two days of the tourney, which will run for 10 days in all. The playing field will be very similar to the one employed here last year, except for the outfield fence, which has been placed permanently and is about five feet farther from home plate at most points.

Ten umpires will work the tournament in rotation, two working each of the early games, three or four being employed for

the semi-final and final rounds. They will be headed by Illinois ASA umpire in chief Steve Horvath of Springfield and include Jerry Dwiggins of Wood River, Bob Andre of Alton, and Ross Hallbrook, Babe Champion, Jim Bahl, Joe Summers, Harold Atchley, Gus Lignoul and Andy Tinko of Granite City.

Brown said opening pairings will be made as soon as it is determined if the Mount Vernon and Quincy teams will enter. The Extremators and Ravens played Sunday night to determine the winner of the local regional.

Decatur Indians is the only squad not required to advance through the regional tournament, since it is granted admission to the state meet as defending champions.

No-Hitter, Grand Slam Home Run In Santam Playoffs

The Taylor Cart Rockets literally "went into orbit" Tuesday night in a first place semi-final playoff game in the Santam division of the Granite City park district's baseball program, which were rained out Monday evening, have been rescheduled for Saturday afternoon and evening. Park Recreation Director Harold Brown said today.

The Atom Saturday schedule follows: Fifth place playoffs—1:30 p.m. on diamond No. 3; fourth place playoffs—1:30 p.m. on diamond No. 4; third place playoffs—6 p.m. on diamond No. 4; second place playoffs—6 p.m. on diamond No. 2.

LADES LEAGUE BOWLAND, WEDNESDAY Gem 2, Bobettes 1; Bombers 2, Duffin Bros. 1; Maryland 2, Redbirds 1; Lorraine Peters 179, Dolly Farley 181.

Rain's no-hitter was spiced by Mark Dufner's grand slam home run. Dufner's shot sailed over the left field fence, only the second ball hit that far in the league this year. Richard Eastington homered twice for the Rockets and Jim Stewart connected for the game's fourth round-tripper.

City Auto Rolls To 9th Straight Win

City Auto Repair, with the biggest cushion of any first place team in the Granite City park district's softball leagues, completed a perfect season Monday night by overpowering last place VFV Post 1300 12-3 at Wilson Park.

The win, fashioned on a seven-run fifth inning, boosted the league champions to a 9-0 state. Winning pitcher Steve Hardesty was backed with a solid 13-hit attack by his teammates, including two triples and a home run. City Auto batted 11 men in

PALOMINOS, a crowd favorite at most horse shows, will again be featured in one of the 14 separate classes included in the Granite City Rotary Club's second annual all-western show at the Fehling road arena on Sunday, Aug. 28. As in above view, which shows the class being judged at last year's show, the entries will be shown at halter or bridle.

Parade Here Tomorrow To Promote Rotary Club's Western Horse Show

Promotion of the Granite City Rotary Club's second annual all-western horse show of Aug. 28 begins tomorrow afternoon when Rotarians will gather a bevy of pretty girls, convertibles and horses for a parade through the downtown area. Ticket sales will begin immediately thereafter.

The duets for the Sunday show, which proved successful from the spectators' standpoint and financially for the Rotary Club in its initial staging last summer, go on sale after the parade, and may be obtained from members of the service club or at Bellemore Toy and Sporting Goods.

Site of the show itself will be an enclosed arena to be completed this week on Fehling road near the intersection with Nameoki road. The arena, appropriately, is horseshoe-shaped, with 160-foot lengths of fencing down each side and an oval with a 60-foot radius at one end.

The horseshoe is closed with

a straight fence at the opposite end, where entrance and exit gates have been installed. The enclosed area is 120 feet wide, giving exhibitors and riders plenty of room to "work" their horses.

Fourteen classes, varying from a "pleasure" class to a "western pleasure" class, are planned at the show, which will begin promptly 7 p.m. with a grand parade. General show chairman E. E. Moody said five ribbons in each class. The judge will be Nevin Morine of Hennepin, Ill. The afternoon and evening show attracted more than 2500 spectators when it was first staged last year, and Moody is confident the crowds—and number of entries—will be larger this year.

Most of the events will be run off or judged under the rules of the Ill-Mo Horse Show Association. The classes to be run, as they appear on the official show

entry blank, include: Grand entry, flag race, registered Morgan horses, plus many Palomino horses, spotted horses, handys, open western model classes, parade class, reining horses, ladies western pleasure class, speed race, junior horseman class, western pleasure class.

In addition to the trophies and ribbons to be awarded, \$445 in prize money will be divided among the winners in the place entries, \$30 in each class and \$25 in grand entry money. Entries will be accepted until noon the day of the show.

Entry forms may be mailed to Ray S. Ruffer, Box 243, Granite City. Show rules stipulate that all exhibitors must be in western attire, whether riding their horses or showing them at halter or bridle.

Proceeds from the one-day show will be used by the Rotarians for charitable purposes.

Cyclists Complete 14 Hour Pedaling Jaunt

"Pretty tired" after completing a 120-mile cycling trip to Gillespie and back this week, three youthful bike riders nonetheless thought it was a dandy trip and plan to make it again next year, it was reported to the Press-Record.

Using standard bikes, with themselves the only source of power, Kenneth Hubert, 15, of 1908 Johnson road; Jimmie Dale Parker, 14, of 1509 Garfield avenue; and Michel Jesse, 15, of 1901 Carleton avenue made the trip in just 14 hours of road time.

The trio left here early Monday morning equipped only with sack lunches, and returned around noon Tuesday. They spent the night with relatives. They said they found the Illinois countryside "beautiful" and the entire trip was "wonderful."

Hubert and Jesse will be sophomores in Granite City high school this year, and Parker will attend Coolidge junior high school.

...And They All Flew South For The Winter...

It was all strictly for the birds. At least things seemed that way when Starling hit a homer for the Blackbirds against the Redbirds in the round-robin softball league for girls Tuesday morning, in Wilson Park.

Despite Carolyn Starling's home run, the Blackbirds had their wings clipped, 9-4. A participant with the neighborhood name of Jarl Strotheide homered for the Redbirds, who are flying along with a 7-0 record.

Judy Pashoff and winning pitcher Ramona Ortiz both swatted four-baggers in another game Tuesday, most of which was played on the ground, as the Comets tripped the Chatterboxes 19-10. Gerry Hampton homered for the losers.

Rick's Market, Bombers Win Teen League Playoff Game

Regular season champions Rick's Market scored an easy 21-4 win over Roan Club last night in the first round of the Granite City park district's Senior Teenage Softball league playoffs, while the Bombers went 10 innings before ripping the Warriors in the second game, 14-13.

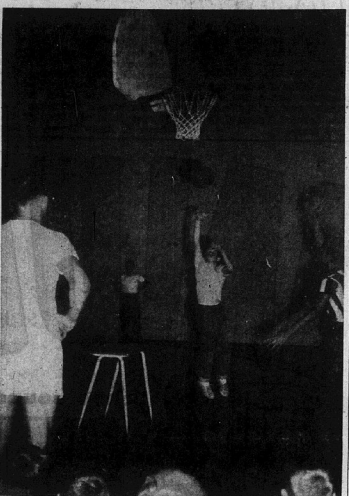

Rick's Market jumped on starter-loser Bob Summers and reliever Chris Grevitt for eight big runs in the first inning and coasted home behind the six-hit pitching of Steve Schardan and Bob Hoffke.

Hoffke had a double and triple, Ken Cook a homer in the third when the league champions scored six more, and Schardan a pair of doubles. All in all, Rick's batters collected 19 hits. Roan scored three of its runs in the third on Larry Felchin's triple.

The lead was saved back and forth between the Warriors and Bombers in the second game, with the score deadlocked at 13-13 after seven innings of play.

Glen Sprankle's sacrifice fly with one out in the bottom of the tenth brought home Bill Stull, who had walked and stolen second for the Bombers.

Rick's Market and the Bombers will meet in the single game playoff final next Wednesday at 7 p. m.

BASKETBALLS filled the air around the basket at Coolidge junior high school gym Monday afternoon during a layup contest conducted as a part of a cage clinic staged by the Granite City park district and the St. Louis Hawks professional basketball team. Larry Foust (left) of the Hawks kept over 100 young boys busy during the two-hour session.

'No Fancy Stuff'

Foust Entertains, Explains Court Fundamentals For 100 Boys At Clinic

Larry Foust, in and out of St. Louis Hawks' frontlines during the latter part of the 1959-60 season, kept over 100 young boys pleasantly occupied with fundamentals for the better part of two hours Monday afternoon during the course of the second annual Hawks basketball clinic at Coolidge junior high school.

Quickly sizing up the situation and his small fry audience, Foust let them do most of the work after he had worked up an early sweat with a demonstration of the various and sundry shots in basketball.

The Coolidge gym used for the clinic was not air-conditioned, and it was not long until participants in the various drills cooked up by the former Minneapolis Laker star were in quite a lather.

The clinic was scheduled to begin at 1:30 p. m., with Cliff Hagen and Clyde "Boom-Boom" Lovellette billed as the attractions. Neither of the pair put in an appearance, but Foust willied in quite admirably.

Noting that the clinic had attracted younger boys — some looked to be too young to attend kindergarten — Foust began by telling the group something most of them already were aware of: the court games, of such NBA notables as Bob Cousy, Bill Sharman and Bill Russell of the Boston Celtics and Bob Pettit of the Hawks.

"You've all watched Pettit sink a jump shot from the corner, or Sharman shoot them like a machine from out court. You've seen Cousy hook 'em in from

half court and Russell go a foot over the basket for rebound or block a hook shot over the head of the shooter."

The boys nodded agreement. "Start With Fundamentals. 'Well, you're not going to see any of that fancy stuff here today. Foust continued, "First of all, I'm not the shooter those boys are, and second, neither are you, so we'll start with fundamentals."

The next half hour of the clinic was taken up with the "easiest" shot in basketball, the layup. Foust called for volunteers for layup drills (and was nearly mobbed). He ended up with two groups, one younger, one a little older. The importance of timing, proper handling of the ball ("with both hands"), use of the backboard and jumping off the correct foot were all stressed by the instructor, and the boys responded with a performance which caused Foust to comment: "Pretty good."

Foust told his young audience to "practice, practice, practice" the layup. "Some of you are too young or small to shoot any other kind of shot now — the others will come as you grow."

Passing drills came next, with Foust demonstrating nothing but the two-handed chest pass. "You're not a basketball player until you can handle the ball and pass it accurately and correctly," he commented.

The boys nodded again. The 6-7 Hawk team member, Foust, then it is to spell regulars Hagen, Pettit or Lovellette, wrapped up the clinic with layup — competitive between two teams, which was modified and complicated after a couple of rounds by the placing of several obstacles under the backboard.

The obstacles were in the form of a small table and chair, which the dribbler had to weave through before attempting the layup shots. Things were further complicated when Foust required the members of both teams to back through the opening between the two pieces of furniture before shooting.

Despite all the innovations Foust was able to concoct, the team which won the initial contest won them all.

There were a few moments when all was not serious concentration on basketball.

As the boys (and Foust) took a breather at one point, the instructor asked if there were any questions about the Hawks or himself the court aspirants would like to ask.

"Yeah," piped up one small fry. "How many points have you scored in your career?"

"Over 10,000," replied Foust. "Geel!" offered another small-type boy. "All in one game?"

The Granite City park district's summer softball program will continue for the rest of this season without a Classic league.

That decision was reached last night by members of the park board after they heard a report of a "near riot" during a recent game between the two top contenders for the league title, Spangler Oil and Millie and Mickey's, submitted by Park Commissioner D. L. Brown.

Brown is also in charge of the park's softball leagues. He said each of the four teams in the discontinued league have received back \$10 of their initial entry fee, since the season was only about three-quarters complete when the latest incident occurred.

Brown said most team sponsors went along with the move when they received letters notifying them of the suspension of all further play this year, agreeing that under the present circumstances it was best to discontinue the league for the remainder of the season.

The sponsors of one entry, however, felt that the action was "too severe," Brown added. "A couple of our umpires were the targets of some unsportsmanlike name-calling during the game," Brown said, making reference to the last time the Spangler Oil and Millie and Mickey's teams met. During that game, two players were ejected by the umpires, one player refusing to leave the field after being told to do so.

It was getting to the point that people came out to listen to the teams argue with each other and the umpires and not to watch them play ball," Brown explained. He said the possibility of a "free-for-all" was too great to be ignored.

"Next year we'll let them come in and play ball again. But if they don't want to play, we'll drop the whole thing," he added.

No post-season playoffs will be held, but Brown said the park district tentatively plans to award the regular season first place trophy to Spangler Oil, which occupied that position when play was discontinued.

West 25th Jr. High Will Issue Football Equipment Aug. 29-30

Bob Miller, athletic director at the new West 25th street junior high school which will open for the first time this fall, said today that 8th and 9th graders who plan to come out for the school's football team will be issued equipment between the hours of 10 a. m. and noon on Aug. 29 and 30.

Head football coach Carroll Saunders said he expects about 50 football team candidates during the school's initial grid season. A five-game schedule is planned, and a sixth game is possible if the school can complete arrangements for a second encounter with Coolidge junior high school.

Before they may pick up equipment, team aspirants must have a complete physical examination, Miller said. The exam forms may be picked up Monday in the school office between 9 a. m. and 3:30 p. m., and must be turned in when the boys apply for their equipment.

The school's first football team will not be entirely "green," Miller explained, since a portion of the boys expected to compete for positions have had one year of experience at Coolidge. Conrad "Babe" Champion is assistant football coach at the new school.

Rome & Roy's Leads 'B' Pack By Full Game

Rome and Roy's upped its lead in the Granite City park district's Class "B" Softball league to one full game over second place Modern Extremators Tuesday night with a 4-1 win over the Graniters. The Extremators, who led the "B" pack until late last week, were idle.

Na-Bor-Hood Out Rate Lancers moved to within one-half game of second place in Tuesday's first game by tripping Lincoln Place 10-2.

The league leaders scored four runs on only two hits in the second inning of their contest with the Graniters. Loser Don Buckingham shut them out in every other inning and gave up only five hits. Winning pitcher Bill "Satch" Page allowed six hits, five of them in the final three innings, but the Graniters were unable to break the ice until the seventh, when they scored their lone tally on two hits.

Clayton "Jug" Harrison caught for Rome and Roy's, Ron Smoltz for the Graniters. Na-Bor-Hood, still very much in the league race, scored in

every inning against Lincoln Place hurler John Lapinski, while winner Bill Favier pitched a three-hitter and stopped the losers cold after they had scored their two runs in the first. The winners totaled eight hits, scoring three times in the first, adding two runs in the second, third and fourth frames and a single marker in the fifth. Out of the pen, Favier worked behind the plate for Na-Bor-Hood. Effie Costello for Lincoln Place.

The league standings:

MRS. GANTCHEFF RETURNS FROM EUROPEAN TOUR
Mrs. Helen Gantcheff, 2122 Edison avenue, has just returned from a three-week tour of Europe. The trip, made by plane, was sponsored by the Great Books Discussion Program for Adults and some 30 persons from all over the United States were in the party.

Many of the more interesting places in London, Rome, Florence, Venice and Paris were visited and seminars were held at various places.

VACATION IN WEST

Miss Luella Detering and her father, Thomas Booth, 2850 Edwards street, are at home again after a stay of two months in California. They were guests of Mr. and Mrs. Frank Slate in Pasadena, and paid a short visit to Mr. and Mrs. Walter Grondona. Mrs. Grondona is the former Charlotte Booth.

MISS BARKER RETURNS
Miss Marguerite Barker, 2618 East 24th street, has returned from a vacation of two months in Los Angeles, Calif., where she attended UCLA, and visited her brother, Warren Barker, and wife.

Eagles Auxiliary Plans Sale Of Christmas Cards

The Eagles Auxiliary met Tuesday evening with Mrs. Viola Carey, president, in charge. Mrs. Sylvia Oscepe reported on visits to the Madison Nursing Home; and Mrs. Lizzie Puff, who was a delegate to the recent national convention in Miami, Fla., gave her report.

The sale of Christmas cards is a fund raising project discussed by Mrs. Dolores Shumate, and Mrs. Angie Buehler announced plans for attending the annual district picnic of the Eagles and Auxiliaries at Swansea Park near Belleville Aug. 28. Mrs. Neida Wills received the prize for the evening and refreshments were served by Mrs. Erlene Frame and her committee to 25 members. Games were enjoyed and plans were made to meet again Aug. 23.

Jr. Service Club Plans Projects

A number of projects were discussed Monday evening at a board meeting of the Granite City Junior Service Club in the home of Miss Juanita Bell, 2230 Washington avenue. Mrs. Jean Ann Vrenick was in charge, and a report was made of the successful home tour recently. Plans were formulated for a family pot luck supper Aug. 25 at Wilson Park and for a fish fry Sept. 9-10 at the Bellefonte Village Shopping Center.

The next board meeting will be Sept. 12 with Mrs. Thelma Jacobsmeyer, 2417 Madison avenue, Sept. 12.

MARRIED IN CIVIL CEREMONY

Announcement has just been made of the marriage Saturday in Belleville of Miss Jeanette Reed, a daughter of Mrs. Stella Rokita, 1825 Fifth street, Madison, and Fred Edmonds, son of Mr. and Mrs. Harry Edmonds, 1517 North 42nd street, East St. Louis.

The ceremony was performed by a justice of the peace and attendants were Mr. and Mrs. James Gower of Belleville. The couple is residing in East St. Louis. The bridegroom is employed by the Monsanto Chemical Co. The former Miss Reed is an employee of the A. O. Smith Corp.

WILLIAMS FAMILY RETURNS

Mr. and Mrs. Don Williams and daughter, Pat, 4415 Wabash avenue, returned Tuesday from a fortnight's vacation in Florida with friends and a short stay in Biloxi, Miss.

MR. AND MRS. GAYLOR R. BLAIR. They were married recently at the Church of God in Dudley, Mo. The bride is the former Mary Jane Goodman, daughter of Mr. and Mrs. Howard Goodman, 2165 Roberts street. The bridegroom's parents are Rev. and Mrs. Orbia Blair of Dudley.

FORMER RESIDENTS CELEBRATE ANNIVERSARY

Announcement has been made here of an open house held over the weekend at the home of Mr. and Mrs. John Shearer on Rural Route One, Collinsville, in honor of Mr. and Mrs. W. R. Prewett, who resided in Granite City for 50 years before moving to Collinsville. Mr. and Mrs. Prewett were married Aug. 8, 1910. Before retiring he was employed by the General Steel Castings Corp. The couple has three children: Mrs. Shearer and Harold Prewett of Granite City and Mrs. Virginia Firtos of Affton, Mo., and six grandchildren. Approximately 100 friends and relatives attended the open house.

RETURN FROM WEST

Mr. and Mrs. William Buente, 2615 Benton street, have returned from the west. Mrs. Buente spent the past three months undergoing treatment at Spears Hospital in Denver, Colo., and was joined ten days ago by Mr. Buente for the trip home. En route they visited Mr. Rushmore, the Black Hills and other places of interest.

GUESTS AT SCHMIDT HOME

Mr. and Mrs. Robert A. Schmitt and children, Joan, Bobbie, Eddie, Susan and Ann, who have been residing in Gibbstown, N. J., arrived in the city last night for a week's visit with Mr. Schmitt's parents, Mr. and Mrs. E. G. Schmitt, 2408 Cleveland blvd., enroute to Beaumont, Tex., where Mr. Schmitt is being transferred by the Du Pont Co.

RETURN FROM FLORIDA

Mr. and Mrs. Rome Sturdivant, 2222 Adams street, accompanied by their grandson, Gary Sturdivant, returned this week from a two-week vacation trip to Miami and Jacksonville, Fla. Enroute they visited in Evansville, Ind., with Mr. and Mrs. John Whitehead, who made the remainder of the trip to Florida with them.

ANNOUNCEMENT

Announcement has been made of the engagement of Miss Virginia Hacker, a daughter of Mrs. J. E. Turnbull, 4249 Lake drive, to Charles Harrison, son of Mr. and Mrs. Charles Harrison, 900 Washington avenue, Madison. Wedding plans have not been made by the couple.

The King's Daughters Sunday School class of Grace Baptist Church, 2600 Edwards street, met Tuesday evening in the home of the teacher, Mrs. Frances Thomas, 2544 East 24th street.

After the opening prayer, a short business discussion was led by Mrs. Alice Hecht, president, and Mrs. Thomas was given a surprise cradle shower by the group. There were games during a part of the evening and prizes were won by Mrs. Marilyn Parker, Mrs. Hecht and a guest, Mrs. Charline McKinney.

Mrs. Thomas, whose tenure of office expires next month, expressed her thanks to the class for their cooperation the past year and refreshments were served to 10, including the guest. The next meeting will be with Mrs. Parker, 2255 Woodlawn avenue.

Ruth Class Holds Meeting

The August meeting of the Ruth Class of Grace Baptist Church was held Tuesday evening in the home of Mrs. Lillie Compton, 2633 Lincoln avenue.

The teacher, Mrs. Wilma Parker, offered the opening prayer and Mrs. Coleen Sharp presided over the business meeting. Mrs. Demona Holtkamp read two poems "It Could Be You" and "Mary Had a Little Boy" and the meeting closed with prayer by Mrs. Helen Lockery.

During the social hour, there were games for entertainment, and prizes were won by Mrs. Mary Horne, Mrs. Virginia Nesbitt, and Mrs. Sharon Temple. The business discussion centered around plans for a picnic honoring the choir Aug. 29 from 10 a. m. to 2 p. m. at Wilson Park, and a swimming party at Sunset Hills Country Club next Wednesday.

Job's Daughters Plan Picnic

A stated meeting of Bethel 43, International Order of Job's Daughters was held Tuesday evening at the Masonic Temple with Miss Betty Champion, honored queen, in charge. The business discussion centered around plans for a picnic honoring the choir Aug. 29 from 10 a. m. to 2 p. m. at Wilson Park, and a swimming party at Sunset Hills Country Club next Wednesday.

VISITS PARENTS

Mrs. Norbert Dzielic and her children, Anne Michelle and Michael David, of Liverpool, N. Y., will leave Saturday for their home after spending the past three weeks with her parents, Mr. and Mrs. Harry Serfas, 2901 Benton street. Mrs. Dzielic is the former Phyllis Jean Serfas.

Legion Auxiliary 113 Plans For Installation

The American Legion Auxiliary, Unit 113, met Wednesday evening at the Legion Home.

Mrs. Ella McKittick, the outgoing president, who was in charge of the installation of a 50-star American flag in memory of her late husband, David McKittick, the final plans were made for a joint installation of the Unit and Post to be held Sunday at 2 p.m.

Mrs. Edna Branscomb was appointed chairman of the decorating committee. Mrs. Loretta Durbin, chairman of the refreshment committee, said a luncheon would be served.

Sharon Carver, a junior member, was hostess for the evening and 30 members were present. Prizes went to Mrs. Winifred Costello, Mrs. Mary Hutton, Mrs. Branscomb, Mrs. Shirley Costello, Mrs. Dorothy McCain and Mrs. McKittick.

GRANITE CITY AN

After a short wedding trip, Mr. and Mrs. Jerry L. Downen, who were married Sunday in Carmi, Ill., will be at home at 612 Tucker street, Carmi.

The ceremony took place at 2 p.m. at the First Methodist Church with the Rev. John Henderson of Alton officiating.

The bride is the former Mary Anne Land, a daughter of Mrs. Reba Veatch Land, 2444 Iowa street, and Ernest L. Land, of Cassville, Ill. Mrs. Downen's parents are Mr. and Mrs. French Downen of Carmi.

For her wedding, the former Miss Land was attired in a gown of delicate French hand-embroidered tulle, and the bride carried a white bride topped with a white orchid.

A reception was held at the church after the ceremony. The bride is a 1969 graduate of Southern Illinois University, Carbondale, where she majored in physical education. She will be employed as physical education teacher at the Carmi Township high school this year. Mrs. Downen is a junior student at Southern, majoring in industrial science.

Tot Scalded By Coffee, Condition 'Satisfactory'

Hot, boiling coffee spilled onto the head, shoulders, chest and arms of Steven Kofah, two son of Edward Kofah of 2905 Dale avenue Tuesday afternoon causing second degree burns. Taken first to the emergency room of St. Elizabeth Hospital, he was transferred to St. Louis Children's Hospital where personnel said his condition was "satisfactory."

In other emergency cases treated Tuesday at the local hospital, Margaret Wagner, four-year-old daughter of Rudolph Wagner of 1643 Lindell blvd., suffered a large abrasion to her left ankle Tuesday evening when she was caught between the spokes of a moving bicycle wheel. X-rays were taken, dressing was applied and she was released.

Candy Sales To Be Halted In GC Jr. High Schools

A decision to bar the sale of candy bars in junior high schools was made Tuesday night by Granite City school board members, after it was brought out that 1100 pupils at Coolidge Junior High school were outbidding the 1000 senior high school students by a 2-to-1 margin.

Supt. Harold M. Kaiser explained there are no candy machines in elementary schools and recommended they be excluded from the junior high schools — Coolidge, Central and the new West Granite Junior High.

He pointed out the school system is providing nutritious lunches for the youngsters and the volume of sales at the junior high schools indicates the pupils might be spending lunch money for candy.

The discussion arose when the board was considering bids for the operation of candy-vending machines in the district. It was decided to reject all three proposals and call for new bids on the fewer machines, which are to be restricted to the senior high school.

Board members accepted low bids for milk, canned goods, plumbing fixtures, appliances, soap and typewriter ribbons. Local dairies only bidders.

Identical bids for milk were submitted by Dressel-Young and Massey dairies amounting to 65 cents a gallon for white milk and 70 cents for chocolate. Half-pint prices were five cents for white and 5½ cents for chocolate, and half-and-half cartons, 20 cents. Massey will serve Central, Nameoki, McKinley, Webster, Mitchell, Stallings, Maryville and the East 23rd street schools; while Dressel-Young will serve Nierdinghaus, Frohardt, Logan, Marshall, Emerson, Washington and Wilson schools. The dairies will serve deliveries at the senior high school, and the Coolidge and new Logan Junior high schools.

A total purchase of \$43,287 canned foods includes \$20,971 from Edray Foods, \$12,073 from Allen Foods, \$4014 from Stockhausmann, \$3720 from Conrad Grocers, \$1525 from Manhattan Coffee Co., \$892 from Lombard's, \$85 from Sexton & Co., and \$7 from Griffin & Co., all based on low bids.

Fourteen Singer sewing machines are to be bought from the local distributor at a cost of \$1641 (\$117.25), favored over a lighter Elna model at \$1326 (\$94.75); and replacement toilet fixtures are to be purchased from Ahrens & McCarron, Inc., — 12 toilets, \$38 each; eight lavatories, \$34 each; and two wash basins, \$14 each.

For New Junior High Appliance purchases for the new junior high school include three GE electric ranges from Huxel Electric Co., \$148 each; an Easy automatic washer, \$160; and an Easy electric dryer, \$120; from Han's Supreme Radio, Madison, and two Hotpoint refrigerators from a St. Louis distributor, \$202 each.

Cardinal Cherman Co. was low bidder among five proposals and received a contract to supply 6500 pounds of soap for \$850 and four cases of dress drying agent, \$43, a total of \$894. Forty-seven dozen typewriter ribbons will be purchased from Miller Bryant Pierce for a total price of \$258.

Bids were opened for brick work on a chimney at Emerson school to eliminate a downdraft. The Warren Stubbs was low bidder with a price of \$420, as compared to \$680 by the Kukulora firm.

MRS. GUSTA PENDLETON
2223 Illinois Avenue
TR. 6-5027

Mrs. Amos Jones, 2748 Harding avenue, returned Sunday after a visit with her son-in-law and daughter, Mr. and Mrs. Charles Miller. The Millers are parents of a new son, David Charles, who arrived last month weighing five pounds. They also are parents of a three-year-old daughter.

Mrs. Mary Gilbert, 2036 Ohio avenue, has as a visitor at her home, Mrs. Elda Gallagher of Sacramento, Calif., a former schoolmate. They attended school together at Noble, Ill., and have not seen each other for 50 years. Mrs. Gallagher will be here two weeks.

GIRLS' CIRCLE PROGRAM

A program, "This Is Your Life In Japan," was presented by the Intermediate Girls' Circle of Second Baptist Church during a meeting of the group Tuesday evening. Karen Parley was the leader, and all girls participated. Present were: Evelyn Barnes, Barbara Anderson, Betty Davis and Phyllis Smith.

Plans were made for a picnic at Monks Island, and for a cash donation to be given to the Bond Road church building fund.

Karin Landers, daughter of Mr. and Mrs. Delbert Landers, 2223 Illinois avenue, returned home from Denver, Colo., where she had spent three weeks with her grandparents, Mr. and Mrs. Ross Parsons. The Parsons, who also returned to their home at 2217 Illinois avenue, had been in Colorado two months.

WINSOME CLASS MEETS

The Winsome Class met Monday evening at the home of Mrs. Evelyn Smith for a business session. The theme song, "Bring Them In," was sung and the opening prayer was given by Mrs. Louise Mitchell. Mrs. Smith gave the devotion.

Members answered roll call by placing small gifts in a Sunshine bag, and plans were made for a trip to New Salem. Mrs. Luverne Fennell gave the closing prayer. Others present were Mrs. Doris Barnes, Mrs. Steffie Libhart and Mrs. Esther Davis and Misses Irene Broadway, Bonnie Fennell, Margaret Ann Libhart and Debbie Portell. Refreshments were served.

The Lloyd Spencer Primary Sunbeams met Tuesday afternoon at Second Baptist Church with "Christmas In August" presents, and paid a visit to the

Goodwill Center in Lincoln

Place where the gifts were distributed to the missionaries and children.

The group toured the center and spent some time on the playground. Attending were Connie Wigger, Susan Anderson, Danny Penrod, Patty Graham, Mike Bellman, Nancy Newberry, Kathy Farley, Cheryl Hancock, Mary and Oscar Tooley, Eugene and Judy Dine, Debbie and Joyce Baydson, Mrs. Julia Penrod, director, Mrs. Betty Lewis, leader; and Calvin Penrod, Mrs. Luverne Fennell and Robert Lewis and son, Gary.

Mr. and Mrs. Jesse Welty and children, Richard, Francis, Vicki and Judy, 2231 Illinois avenue, returned Wednesday from Raymondville, Mo., where they visited Mr. Welty's mother, Mrs. Bernice Welty, and other relatives.

JOINT BIRTHDAY PARTY

Mr. and Mrs. Harold Turner of Highway 67a, entertained with a barbecue Sunday to celebrate their birthdays and the birthdays of two granddaughters, Olivia and Audrey Oliver. Present were Mr. and Mrs. Allen Oliver and family, Mr. and Mrs. Milton Townsend and children, Mrs. Anna Evans and Mr. and Mrs. Allen Childers and children, Michael, Peggy and Robert, of New Orleans, La., who are spending a week's vacation here.

The George Wheeler Jr. RA's met Tuesday evening, and the program was "Ways of Witnessing." Taking part were Gary Wigger, Gene Richardson, James Smith, James Charlton and Robert Lewis. The group plans to visit with the RA group at the Goodwill Center in Lincoln Place in the near future. After Tuesday's meeting the group visited

Ernest Tooley, who recently was injured in an accident, and presented him with a gift. They then went to Wilson Park for a watermelon social. Other present were Bobby Wallace, Dicky Welch and two visitors, Donald Bellman and Joey Wallace.

Mrs. Alice Broadway of Galconda, Ill., and Mrs. Mildred Decker and son, Rickie, and niece, Dianna McDonald, of Eddyville, Ill., are visitors at the home of Mr. and Mrs. Frank Broadway, 219 Missouri avenue.

The Japanese call their country Nippon, which means "home of the sun." Legend says that the four main islands of Japan were formed when the goddess of the sun let four dew drops fall from her scepter into the sea.

Wrong Lane Driving Charge

Robert L. Griffin, 23, of 2122 Benton street, was charged with driving in the wrong traffic lane at 10th street and Madison avenue Tuesday at 5 p.m. when police said he was driving north and collided with a southbound car operated by William Benedict, 56, of St. Louis. There was minor damage to the front of the two cars. Griffin posted his license as bond with Madison police pending a hearing tomorrow afternoon.

Motorist Involved In Crash Faces Charge

A charge of failure to yield right-of-way was placed against Kelly Mouser, 24, of 2024 Fourteenth street, following an accident Monday afternoon at 23rd and Iowa streets. Mouser posted his driver's license as bond. Police said he was traveling west on 23rd street, while the other car was being operated south on Iowa street by William M. Jenkins, 18, of 2232 State street. No injuries were listed. There was damage to the right side of Mouser's auto and to the front of the Jenkins car.

MORE ABOUT GC Sewer System

(Continued from Page 1)

From five to 10 million dollars. So a large selling job faces the committee, he said, before the system appears as a bond issue. "Everyone you talk to says 'I'll never be built,'" he said, "but we believe it will. It is necessary both for growth and our own well being. We feel it's got to be built."

Population Causes Overload
Although at one time the present sewers did a "good job," Jenkins said, they became overloaded thanks to population expansion in north and east sections of the city. No major construction has taken place here since 1945, when an 84-inch relief sewer was built in three isolated areas.

During a question session, one Rotarian suggested the project be kept separate from the river pollution problem. Although related, since raw sewage flows into the river, the city must eventually build a sewage disposal plant to eliminate pollution, Jenkins said.

State Fair Readies For Tomorrow's Grand Opening

The Illinois State Fair at the Springfield fairgrounds opens tomorrow with a host of stars, including Hollywood's Bob Hope and many other personalities from the fields of automobile and motorcycle racing.

In addition to the star-studded attractions there will be something of interest for everyone such as horse shows, antique and coin displays, fireworks, photographic exhibitions, plus agricultural entries.

Final UF Budget Meeting Tonight; Goal Topic

The United Fund executive committee Tuesday approved the allocations presented by the admissions and distributions committee last week, with final action to be taken by the UF board of directors who will meet tonight at 7:30 at the EMCA. Tonight's meeting will result in setting a goal for the Quad Cities 1960 UF campaign.

Earl Bloomquist Enters Hospital For Observation

Granite City Building Inspector Earl Bloomquist, 2463 Adams street, entered St. Elizabeth Hospital yesterday for observation after suffering abdominal pains at his home. A preliminary check-up at the hospital has as yet showed no cause for the pains, and he is reported in good condition.

**MORE ABOUT
GC Steel-
Expansion**

(Continued from Page 1)

pany self-sufficient in coke production. The company also will expand a nearby chemical plant where the volatile products released by the coal during coking are recovered as coke oven gas and coal chemicals.

375-Foot Annealing Line
The annealing line will be a 375-foot-long combination of facilities for giving a carefully-controlled heat treatment to a continuous strand of thin steel moving at a speed of 1200 feet a minute. Annealing restores ductility and workability lost by the steel when its thickness is reduced in the cold rolling mills where the thinner gauges are produced. The line will be able to anneal 20,000 tons a month.

Veeder said the annealing line will go into operation early in 1962. Two of the other new production units going in at Granite City Steel during this expansion program will also contribute to making the company a much larger supplier of the tin plate used by can manufacturing plants in and near St. Louis.

One is an electrolytic tin plating line that was completed last spring and has 1 1/2 times the tin plating capacity of the company's older electrolytic line. The other, now under construction, is the most powerful sendzimir cold strip mill thus far designed. The 6400 H.P. mill will finish the cold reduction of the light tin plate gauges at speeds of up to 3500 feet a minute.

The machinery in the continuous annealing line will be supplied by the Wean Engineering Co., Inc., of Warren, O. The moving strand or strip of tin plate steel will be cleaned and dried in the line, and then travel back and forth around rolls at the top and bottom of heating and cooling towers 73 feet high. There the strip will be heated to 1350 degrees F., and cooled to 150 degrees in about a minute and a half.

Continuous annealing produces a uniform fine grain structure particularly desirable in tin plate steel that is fabricated and rolled on high-speed forming equipment. Granite City Steel now anneals coils of cold rolled steel for tin plate as well as other uses in stationery, batch-type furnaces.

**Miss Tanase Receives
Full SIU Scholarship**

Miss Elaine Tanase, 18, daughter of Mr. and Mrs. John Tanase, Jr., 1714 S. Madison, St. Louis, was awarded a four-year scholarship to her choice of Illinois' five universities, Wilbur C. Trappe, Madison county superintendent of schools, announced today from his Edwardsville office.

Miss Tanase, a graduate in the top quarter of her class at Madison high school, was one of eight recipients from the school to be awarded a Teachers Education Scholarship. Only 100 such awards were made for the entire state.

The young Madison alumnae has selected Southern Illinois University, Alton, where she had earlier been accepted as her choice for college training beginning this fall.

**Circuit Judge Urges
Third Court Room**

Need for a third circuit court room in the Edwardsville court house was stressed yesterday by Circuit Court Judge James O. Monroe, who said the problem could be eliminated by turning over the grand jury room both as a court room and a judge's chamber.

Speaking before the county board of supervisors, Judge Monroe said he and the two other circuit judges, Harold R. Clark and Joseph J. Barr, agree that having two court rooms with three judges creates a "hit and miss" situation due to lack of space and conflicting time schedules.

The resolution was turned over to the board's court house committee which promised a recommendation on the problem at the board's next monthly meeting set for Sept. 12.

**GC Man Pleads Not
Guilty To 5 Charges**

John Knupp, 47, of 2102 Washington avenue, was released by Granite City police yesterday on \$500 property bond after pleading not guilty to charges before Police Magistrate Andrew Gasparovic Jr. He was arrested at his home Tuesday morning.

Assault and battery charges were filed by his former wife, Flora Knupp, disorderly conduct was charged by Granite City police, and Mrs. Knupp's landlord, Stephen Kopylov, charged of creating a disturbance, trespassing, and destruction of property for damaging a screen door at 221 Grand avenue.

Arrested On Double Charge

Harry Boyd, 51, of 2148 Delmar avenue, was issued an arrest summons by Madison police at 9:50 a.m. Wednesday on charges of passing a stop sign at Sixth street and Madison avenue, and failure to have a driver's license. He posted a cash bond for a hearing Friday.

Son Born To Former

Granite Cityan

Announcement is being made of the birth of a son to Mr. and Mrs. Robert E. Shanley of Glendale, Mo., last Monday afternoon at St. John's Hospital, St. Louis.

The new arrival, the couple's

fifth child, has been named Mark Robert. He weighed six pounds, eight ounces at birth. Mrs. Shanley, a daughter of Mrs. John B. Harris, 2505 Edison avenue, was formerly Justice Ann Harris.

Former Nestle Manager

Revisits Local Plant

E. C. Teut, former manager of the local Nestle Co. plant, visited in Granite City yesterday with a team of the firm's technicians to inspect equipment at

the local plant which processes

instant coffee. The plant manager, Lewis R. Causey, said Teut, who went to the firm's office at White Plains, N. Y., from here about four years ago, has since retired. However, he continues to visit Nestle plants as a consultant.

Tests Prove Negative

For Polio Suspect

George E. Silver Jr., 26, of 2921 Ash avenue, a dispatcher with the Dow Metal Products Co., who was admitted to St. Mary's Hospital, East St. Louis, Saturday for observation as a

possible Polio victim, got a pleas-

ant surprise yesterday afternoon. Mrs. Silver told the Press-Record this morning that medical tests indicated that he had not contracted the disease, but was suffering from a virus infection which merely

presents the outward symptoms of polio. She added that he will be released from the hospital possibly Saturday.

Red Cross Chapter Handles 62 Cases
The Tri-City Red Cross chapter's monthly home service report covering activities during July showed a total of 62 contacts made with the office by individuals seeking everything from information to financial assistance.

The report was submitted during a Red Cross chapter meeting held Tuesday at the local Red Cross office.

Of the 62 contacts during July, 21 came from military personnel or dependents stationed at the Granite City Engineer Depot.

A breakdown of the total cases showed 13 contacts for information only, four for emergency leaves, one leave extension request, two health and welfare reports, eight other cases, one assistance with government benefits, six for financial assistance, 18 counseling cases and nine miscellaneous cases.

Total financial assistance given by the chapter for the month was \$410.

A general discussion on a proposed plan whereby the Red Cross chapter would set up and direct a community-wide blood donation or collection program was discussed at the meeting, which was attended by 13 persons.

The discussion was general in nature, with no decision made on the blood program proposal.

It was reported that an Aug. 3 blood bank held at the Engineer Depot resulted in the donation of 128 pints of whole blood. Seven prospective donors were rejected.

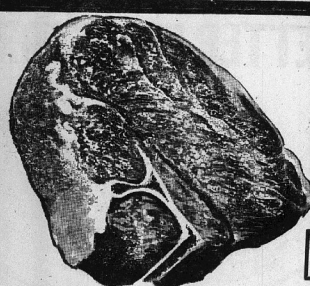

A monthly report from the Junior Red Cross chapter showed that the group had prepared and shipped 338 gift boxes overseas. One large chest of gifts was also sent overseas.

The board members voted to replace books on first aid, water safety, nursing and the history of the Red Cross at the public library with new volumes.

Mrs. Theodore Overbeck, executive secretary of the chapter, reported on the recent Red Cross national convention, which she attended.

GC Park Board Clamps Down On Expenditures
Park District President, Barry Loman and the Granite City park board, displaying a "belt tightening" of expenditures, last night rejected or postponed until spring all but six items on a lengthy list of needed expenditures prepared by O. H. Williams, supt. of parks and recreation.

"I wish we could do every one of these things. We need them all. But as we stand now," Loman said, "I'm almost afraid to authorize anything because I'm afraid we're not going to make it." The board currently has a balance of \$52,445. It was reported.

RELATES DETAILS OF MADISON PTA GROUP

An open letter to Madison residents:

This is a public statement to Madison residents, because I believe the time has come for them to learn a few facts relative to the Madison Parent-Teachers Association. Mrs. Ula Brazier, Director, District 22, ICP, wrote me July 21, 1960, and the gist of this letter was her inability to find out the name of the Madison PTA president for the ensuing year. She stated Mr. Trimpe, Madison County Superintendent of Schools, (quote) "said he would give me a hand. He had Mr. Dragich of his office give your name for me. I am so glad you have been elected again" (end of quote).

The above information came as a complete surprise to me; also, why of all the people in Madison, Mr. Dragich should have been the chosen one to obtain this data for Mr. Trimpe, for these two very good reasons: namely, (1) Mr. Dragich, while principal of Harris School, never attended a PTA meeting during the two years I served as President and Vice President of the Madison PTA, nor did he participate in any of its activities. (2) As to the source of Mr. Dragich's information, I do not know. He did not obtain it from me. Had he consulted me, I would have been more than fair to the party who misinformed him, and has forced me into taking this distasteful stand. Had he shown me the courtesy to verify his informant, I could have plainly told him NO OFFICERS have been elected for this new term because we were unable to hold a meeting due to serious illness among our acting officers.

THE SCHOOL ADMINISTRATION has fought PTA every inch of the way. Our Superintendent bluntly forbade me to accept members from our other schools, stating that Madison was restricted to Madison Junior High parents ONLY, and it was to remain that way. This attitude on the Superintendent's part is in direct conflict with the By-laws of the NATIONAL CONGRESS OF PTA, which organization is open to every child. Therefore, disregarding his COMMAND, PTA was expanded to cover all the schools in District 22. Members were to form a MADISON PTA unit, and a charter was issued in that name this week. Madison Junior High School Charter. THIS, in my humble opinion, is GOOD AMERICANISM. THE PEOPLE were allowed to decide this issue rather than allow a handful of men to become TOO POWERFUL.

Now our administration EDUCATOR apparently would like to

create the impression he and all the school faculties are not against PTA; but rather place the blame of our SUCCESS or FAILURE on the people of Madison, insisting to me and others, you just aren't interested in your children, or what happens to our schools. Several teachers from the Junior High were interested and active members before the MADISON PTA was organized; in fact, one teacher was elected vice-president the first year I was elected president. But she, like all the rest, dropped out when we were publicly informed by a spokesman for the Junior High School that they disapproved of our membership and expansion PTA to other schools. Since that night, I have been in the school system, has participated in all of our projects, and the largest majority do not hold membership in the PTA.

I will uphold you parents and friends to the extent of giving you the financial picture of \$27,800, paid to the ICP in January, 1960. This covers a paid membership of 129 members. Many of you will recall the night when approximately 125 members and their guests were present at one of our meetings. At that meeting, we were embarrassed by the fact the kitchen was locked and facilities denied us. WHO ISSUED ORDERS LIKE THAT?

I now ask you, the people of Madison, the question: Why should we be respected, accepted and supported all over the world, and is fought against so hard by the MADISON SCHOOL SYSTEM for defeat? WHAT ARE THEIR REASONS? Once more, YOU, the PEOPLE of Madison, will be given the opportunity to decide for yourselves whether or not YOU ARE INTERESTED in the SUCCESS OF OUR CHILDREN. The Madison Parent-Teachers Association is not your enemy, it is your shoulder. YOURS WILL BE THE DECISION! I will not be responsible if it fails, and I take the pleasure to inform you that it is the Madison resident's obligation as a whole, rather than just one person. There will be a most important meeting of the MADISON PTA, for the purpose of electing officers for the coming year, please note:

DATE: Monday evening, AUGUST 15, 1960
TIME: 7:30 P. M.
PLACE: METHODIST CHURCH, 5th and Ewing, Madison, Ill.
ALL ARE CORDIALLY INVITED. . . I hope you will attend this meeting 100%.

Most sincerely,
Muriel Byrne

QUESTIONS ENGINEERING FEES PAID BY CITY
The Forum
Granite City Press-Record
Granite City, Ill.
The City Council has accepted and approved the payment of \$1,688.72 to David Johnson City Engineer. This SPECIAL FEE for a SPECIAL IMPROVEMENT PROJECT on Cayuga Street.

We are making a direct appeal to Mayor Davis and Council members of every ward to stop approving payment of ridiculous bills, also ridiculous spending of our hard earned tax dollars.

Something which is of great interest to everyone and to the improvement to Cayuga Street. The little repair Cayuga really needs, the \$1,688.72 paid for the Engineering Fee alone, would be more than enough to repair the chuk holes by our

Granite City PRESS-RECORD

Page 26 Thurs., Aug. 11, 1960

own Street Department and the city's 1-1-1-1 effort and money. So many of our streets are repaired in this manner and are sure our Street Department would do justice to Cayuga and the balance could be used to a better advantage.

We understand David Johnson and the new Assistant Engineer both receive salaries far above salaries received by other Engineer appointees of the same caliber in the area. Where did it come from? Motor Fuel Tax Funds? Is it City Sales Tax or could it possibly be taken from City Parking Meter Receipts or perhaps the General Fund? Are all these fees paid in addition to the \$5,000 contract he has as City Engineer of the City of Granite City?

Now with a little addition and subtraction we can save the City roughly speaking, \$15,208. All in favor say "Aye." Disagree say "Nay." This is a common sense and reasonable way to do it. It is a common sense as citizens could well be proud of it.

Yours For A Better Government.

SUPPORTS COUNTY HEALTH DEPARTMENT

To the Forum
Dear Sir:
Recent letters to the Forum have been in reference to the pending action of the Madison County Health Department for Madison County.

This organization can only be established by a consent of a majority of the people of our county and is for the benefit of all its citizens. There seems to be some confusion on this point and it is for the benefit of the Madison County Health Department. This organization can only be established by a consent of a majority of the people of our county and is for the benefit of all its citizens. There seems to be some confusion on this point and it is for the benefit of the Madison County Health Department.

If we want Public Health Service and Protection under our own local control, aimed at our special problems we not only have to vote for it, we have to pay for it. While it is true that the home owner will pay for it, so will the renter. . . in the rent he pays to his landlord. This is not a give away program. . . we cannot get it unless we reorganize we need it. As for the operation of it, we want it established the same way and operated similarly to the Madison County Public Health Sanitation. . . and as far as I know this institution is a model of efficiency and an excellent example. Any other example of how our County Health Department would be operated is in the East. . . I am sure you will be proud of the people of the community and what they have done.

Someone who would make such a visit would at least have the facts on which to base their opinion. . . anyone who would object to the program should be far enough to look more closely at the facts, visit the East Side Health District Center.

The whole idea behind the

Madison County Health Department is to extend our public health program beyond bare minimum protection to adequate protection for all at the lowest possible cost.

Let's be sure that we accept our facts from the right source. If you want to build a cabinet, talk to a carpenter; if it's about health, talk to your doctor.

EXPRESSES THANKS TO MADISON ROTARY CLUB

Dear Sir:
As manager for the past two years of the Madison Rotary baseball team (ages 11-12) which your club has sponsored I would like to take this occasion to express my own and the boys appreciation for the twenty-dollar (\$20.00) dollar check which your club presented the team for.

I would like to extend my special thanks to Mr. Foley and Mr. Winkler, who were responsible for the motion being presented to the members for adoption.

I also believe that thanks should be extended to all the sponsors of the Khoury League and to the Lions Club of Madison, who for the last several years have donated money to our very worthwhile contribution toward the abolition of the venereal delinquency in this area.

Sincerely yours,
Thomas F. Crabtree, Sr.

COMPLAINS OF SPEEDING AT LEYDEN AND DENVER TO THE FORUM

I'm not the type of woman who calls the police every time I hear a noise in the basement. I secure feeling that I ever did help all I had to do was to a big bulky man in blue would arrive to right any wrongs done to me. Not so. I want to apologize to you for my numerous phone calls. Had they told me right from the start that they Street traffic problems, then I wouldn't have bothered them. I've heard of worried mothers hanging their heads in shame for the safety of their children. I can now see how this can be done. I want to extend my sympathies to our Mayor, for apparently he has no more influence with the police department, than I (His office) assured me he would speak for me. My alderman, Walter Plann, is just lucky I guess, for this is one letter that won't be in his file.

part in my tiny campaign for justice simply because I can't get in touch with him. In reply to the queries of my repeated phone calls to his home I received only a non-committal, "I don't know when he'll be home."

Mr. Plann does considerable cruising around his fifth ward so it's quite possible to stand on the corner and hail him down, but I don't have that much free time.

This effort then, is by way of an open letter to the woman who drives the 53 or 54 dark green Chevrolet, tudor with the white top. I have the license number. Four times a day, five days a week, this woman passes

my home on the corner of Leyden and Denver Streets. At exactly 7:50 a. m. and 12:35 p. m. this woman roars down Leyden Avenue like a jet, plowing through the traffic, and completely and utterly disregard

for the four-way stop sign at the corner of my home. On her two return trips, (homebound I presume) she's not in such a big hurry. She even occasionally makes the stop sign. I, as the mother of four young children, want to appeal to the human decency of this woman driver, possibly a mother herself — old enough at least, to judge by her speed laws and stop signs, for we are a residential neighborhood. Never mind the adults, Miss 53 or 54 dark green Chevrolet tudor with the white top, for we all know to watch out for us, but please have mercy on our twenty (20) children. Twenty children is a lot of children for us to clutch desperately in our arms for safe keeping each day, five days a week at exactly 7:50 a. m. and 12:35 p. m.

Thank you,
Rosetta Nelson Elmore

SAYS MANY HEALTH BENEFITS NOW AVAILABLE

Forum of the Granite City Press-Record.
Sir:
We have been reading with great interest your report of proceedings of a meeting at the Elks Club, sponsored by backers of a so-called health board. The only point of the seven points was a board of health. I am interested in point 4, (Pre-natal clinics and child health centers).

existing existing. We want to mention only two of them, city dump and rabies control. What makes the backers of such a board think they can do more than aldermen, police, or county, or township supervisors. What we need is law enforcement by those authorized by the people to do so. The muzzle law in Granite City is a striking example. We just have to read the reports in the daily news papers of crimes, violations of laws pertaining to public health (and soon) to see it isn't a laughing matter, but the enforcement of existing laws. There is a tendency today in the world towards anarchy, more than towards anything else.

Almost everyone thinks the law is not for him to abide by. Law makers make them, but believe they are only for other people to obey them. We receive

Dump Truck-Auto Crash At Traffic Signal

A dump truck and an auto were involved in a collision Monday afternoon at the Madison avenue-Nameoki road intersection. No injuries were reported. The truck driver, Franklin J. Taylor, 31, of 1008 Rhodes street, was charged by police with failure to observe a red traffic signal. Taylor told police he was driving south on Nameoki road, and when he applied his brakes as the signal flashed red, the right front wheel broke grabbed, causing the accident with the auto of Patrick P. Ryan, 64, of 3701 Johnson road, who was making a left turn off Madison avenue onto Nameoki road. The truck, a driver for W. L. Waggoner Trucking Co., Madison, posted his driver's license as bond. There was damage to the right side of Ryan's auto.

GC Rotarians Discuss Parade, Horse Program

The Pony Express, pretty gals, cowboy hats and convertibles will be featured at the Granite City Rotary Club parade tomorrow evening. It was reported at Tuesday's club meeting. Beginning in the 1500 block of Niedringhaus avenue, the gals and motorcade will head downtown to promote ticket sales for the Aug. 28 Horse Show, to be held at a site on Fehling Road near Nameoki Road.

Souvenir programs for the show went to press Tuesday afternoon with \$1520 of a \$1600 goal collected. It was announced by the committee chairman. Included in the intake are 14 sponsors paying \$50 each. President Dean Maberry pointed out that all future sales will go into the "black" column. A motion to bestow an honorary membership on W. F. "Jaik" Coolidge, a longtime member no longer able to attend meetings, was unanimously passed. Maberry also announced that Louis Bruner memorial flower money this year would be donated to the Boy Scouts of America. Some 40 Rotarians attended the meeting and dinner, held in the YMCA.

Salty Parker To Be Honored Here Sept. 17

Salty Parker, a familiar fixture in the third base coaching box when the San Francisco Giants are in St. Louis to engage the Cardinals, will be honored at a homecoming dinner in the Granite City high school cafeteria on Sept. 17.

General chairman of the banquet to honor the native of Granite City who has been connected with professional baseball for over 20 years is Willard "Butch" Portell. Portell said a well-known sports celebrity will act as master of ceremonies at the banquet.

The following afternoon, Parker will receive further honors at Busch Stadium prior to a game between the Cards and Giants. Cardinal sportscaster Harry Caray will be master of ceremonies for the pre-game activities.

Attendance at the homecoming dinner will be limited to 350 persons, Portell said. He added that those attending the dinner will also have first choice of the 350 baseball game tickets for the following afternoon, which has been designated as "Salty Parker Day."

Parker played in both the minor and major leagues before turning his talents to managerial affairs. He was at the helm of his third minor league team, the Granite City Cardinals, when he obtained him as a coach last spring.

Dean Compton is chairman in charge of the local dinner arrangements. Harold Brown is chairman of the "Salty Parker Day" activities. Honorary chairmen are Mayor Leonard Davis, Mayor Stephen Mearns and Mayor John Lee of Granite City, Madison and Venice.

Tickets to the banquet are available from the chairman and members of their committees and at the following locations: Graham's Book store, Fleishman's Men's Wear, Van Buskirk's market, First Granite City Savings and Loan, Granite City Bowling Lanes, Trojan cafe, the Venice and Madison police stations, the Granite City board office, the Granite City board office and at the Pat Rich Oil Co.

Hearts To Battle Buickmen in Feature Inter-City Attraction; Mercer at Home

Six games are on tap this weekend in the Southwestern Illinois Inter-City Baseball League, and the results of one of them will give the Red division its first clear cut leader in three weeks.

Granite City's Sacred Hearts and McAttee Buick get together Sunday for a long-awaited tilt which will boost one of the teams into the Red loop lead. Both have 12-3 records to date; the Buickmen will be attempting to continue their mastery of the local squad while the Hearts will be looking for their first win in Collinsville.

John Harrison's team is 2-0 against the Hearts this season, having won 6-0 in a night game on June 11 and repeating the following afternoon at Wilson Park, 7-3.

Both teams have been hot of late. The Hearts have won six in a row under manager Lyman Tucker, while the Collinsville team, the hosts in Sunday's encounter, has been victorious in eight of its last nine outings and has somewhat of a streak started on the strength of two wins in its last two games.

However, if the term "hot" is to be applied to any one of the 10 teams in both divisions, it belongs to McAttee Glass of East St. Louis. Peck Holzmoder's outfit, after a subversive start, has an eight-game winning streak going, a surge which has carried it into first place in the Blue division, half a game ahead of Mercer Furies Home.

The Glassmen showed no signs of slackening off last week, exploding for 40 runs and 48 hits to sweep both ends of a double-header from Highland. The prediction of wins goes all the way back to June 12 when Mercer eked out an 8-7 decision.

Merced tackles White City, which broke a three-game losing streak with a 10th inning rally against Carpenter last week.

Sunday afternoon at Wilson Park, McAttee, meanwhile, will try to make it nine in a row against the last-place Blue division team, Carpenter.

The weekend gets started early when White City and Maryville meet at White City at 2:30 p. m. Saturday, Sunday's schedule is rounded out with games between Troy and Highland at Troy and State Savings and Maryville on the latter's home diamond.

Olle Miller of the Mercer club said early this week that he was undecided as to his starting pitcher for the White City game on Sunday. "It will either be (Jack) Buentge or Ditcho (Andy Angelotti)," he said. Buentge has a 2-1 record, Angelotti is 4-1.

Heart Manager Lynn Tucker also named two possible starters in the important dual with Collinsville. One was Sam Gossett, who wrote a bit of Inter-city league history last week when he fired a no-hit shutout against Maryville in his first outing in a Heart uniform.

The second possibility was Bob Page, whose 5-0 mound record is the best in the loop. Page was slated to start last Sunday, but came up with a sore shoulder and turned the chore over to Gossett, whose substitute job was about all any manager could ask for.

Gossett, only 23, was with a Pittsburgh farm club until recently. He himself is at a loss to explain his record. "I don't know," he said, "but I'm doing it."

The hurler stands 6-1, weighs 200 pounds and lives in Venice, although he is employed at the present time in St. Louis.

Jaycee Fishing Rodeo Plans In Full Swing

Registration has begun for the Granite City Junior Chamber of Commerce's 11th annual fishing rodeo, to be held Saturday, Aug. 20, at Horseshoe Lake Road and Gun Club, it was announced by Honorary Chairman Harold R. Fischer.

Registration blanks for the contest, open to all local boys and girls up to 18 years of age, may be obtained at all three local police stations.

As in the past, refreshments of hot dogs and soda will be served to contestants. Fishing poles also will be furnished, but contestants must supply their own tackle and bait.

Deadline for rodeo registration is Aug. 19, with about 1200 youngsters expected to enter the event. Registration cards are to be filled out and returned to the place they were obtained. Every contestant must be registered, according to Stanley Lucas, project chairman for the event.

Jaycees will furnish transportation to and from the site. Major prizes will be three bicycles for boys and three radios for girls. They will go to a boy and a girl from each of the three local cities—Granite City, Madison and Venice—who catches the heaviest fish.

Other prizes will go to the longest fish, the first caught and the youngest entries to catch a fish. Attendance prizes will also be awarded.

Any local merchant wishing to donate a prize is asked to contact Lucas at TR-7404 after 6 p. m.

Contest rules along with a list of judges and the bus schedule will be announced later.

Spalding Enters Modified Stock Championship Race

With Spalding of Granite City, defending champion of the Missouri-Illinois Racing Association, is among race drivers who are expected to compete in the second annual midwest championship race for super modified stock cars tomorrow night at the St. Charles Speedway.

Spalding holds the track record, having completed one lap of the 1/2 mile dirt oval in 13:20 seconds. However, all entries will be required to run in preliminary time trials prior to the 155-lap main event, with starting positions determined by the trial times.

A purse of \$2250 is being offered by the association, with \$500 going to the winner. Last year the feature was won by John Meyers of Decatur, with Al King of St. Louis second and Gene Hammer of Alton third.

Friday night's program will consist of nine races, including four feature races, a trophy dash and three semi-feature events. Time trials begin at 6:30 p. m., with the first race scheduled at 8:30 p. m.

No less than 12 drivers, including Spalding, have already entered in the time trials, according to race promoter Joe Shaheen.

Regulation Change To Aid Dove Hunters

A clarifying change in the basic waterfowl regulations for the 1950-51 season pertaining to a modification of the hunting regulation which will particularly affect dove hunting was announced today by the Department of Interior.

The change consists solely of adding the word "planting" immediately preceding the word "harvesting" in the section which outlines permitted hunting methods. Under this change, hunting will be permitted over freshly seeded or planted fields.

At a recent meeting held in Washington to discuss proposed dove hunting regulations for the coming season, all delegates and particularly the Southeastern Association of Game and Fish Commissioners (which represents the principal dove hunting States) urged officials of the Bureau of Sport Fisheries and Wildlife to modify the existing hunting regulation because it was unsatisfactory and was responsible for unwitting violations by dove hunters.

Marked changes in agricultural practices have occurred in recent years, particularly in the southern States. More diversified farming has taken the place of cotton planting and, as a result, planting occurs now during most all periods of the year.

Seeding for small grain crops is done in the fall. The seed is either drilled in or scattered over the surface of the ground depending upon the farming methods. Doves, especially, are attracted to these freshly planted fields where the seed has not had time to germinate.

The current Federal baiting regulation prohibits the shooting of migratory game birds on over freshly seeded or planted fields, thus arbitrarily closing large areas to legal hunting. As a consequence, many dove hunters found that they had unwittingly or inadvertently violated the Federal regulations.

Truck Driven By GC Man Causes Damage In St. Louis

A truck loaded with steel cones, driven by Vernon Waters, 46, of 1202 Granite avenue, caused an overhead cable on a utility pole in St. Louis on Monday, bending the pole and releasing a live wire, according to St. Louis police. Waters was charged with destruction of city property, and released on bond pending a hearing Sept. 10.

The truck, owned by Daniel Hamm Co., was traveling east on Market street. The accident occurred at 3:10 p.m. at the intersection of Jefferson avenue, tying up traffic for 20 minutes because of the live wire. No one was injured.

Heaviest Traffic of Year At Canal Locks During July

Traffic in tons through the Chain of Rocks Canal locks reached its highest monthly total of the year in July, the report released by the District Corps of Engineers office in St. Louis showed today, but total tonnage for 1960 still lagged slightly behind that for the first seven months of 1959.

Total commercial and contractor's traffic during the month just ended was 2,110,974 tons. The previous monthly high this year was 2,069,169 in June. Traffic during the first seven months of 1960 amounted to 12,597,189 tons, slightly below the 12,778,704-ton figure for January through July of 1959.

Downstream traffic was extremely heavy during July when compared to previous months this year, totaling 881,029 tons, the highest to date in 1960. The Corps of Engineers office said the heavy downstream traffic was not unusual, due to the harvesting of grain crops. Upstream traffic totaled 1,228,780 tons.

This year's total lockages remained well above the 1959 figure at this time last year, due to a number of small tows passing

through the canal early in the year. The 1960 lockage figure stands at 4118; for the same period last year the figure was 3899. Total vessels in 1960 were still below the 1959 figure, 18,664 as compared to 19,011.

A breakdown of commercial tonnage figures by products for the month of July shows: petroleum products—up 415,840, down 138,550; grain—up 7850, down 556,150; coal—up 350,025, down none; cement, sand and gravel—up 1200, down 4800; sulphur—up 56,840, down none; miscellaneous commodities—up 272,450, down 71,800; chemicals—up 77,430, down 9200; and steel—up 36,903, down 80,829. An additional 646 tons of contractor's freight was noted in the locks report.

Commercial tonnage included 707 towboats, no small craft or passenger boats, 2573 barges and 42 contractor's craft.

Commercial boats passing through the locks in July included seven towboats, 42 barges, one small craft, one construction boat and four U. S. cruisers and patrol boats, making a grand total of 3679 vessels as compared to last month's total of 3024.

NEWLY-INSTALLED OFFICERS of the Tri-City Trades and Labor Council, AFL-CIO who have started their new terms of office. Seated, left to right—Edwin Reiske, president, and John Bilina, recording secretary. Standing—Edison Phelps, trustee, Fred M. Plebanski, financial secretary; Ted Moran, treasurer; Albert Wilson, guard, and retiring recording secretary, Fred Clark. Absent were Everett Marlen, vice-president; Lennie Crockarell, conductor; and Mrs. Mary Mortenson and Thomas Nesbitt, trustees.

Parked Truck Ticketed After Minor Accident

An accident involving a parked truck and an auto being backed out of a driveway in the 2500 block of Lynch avenue was reported to Granite City police Monday night and resulted in the truck being towed away after being ticketed for three violations.

Police said markings on the truck were Tri-City Roofing Co. and that it was owned by Ray Campbell. It was ticketed for being parked on the wrong side of the street, no state license and no city license.

The auto being backed out of the driveway belonged to Robert Planitz, 2588 Lynch avenue.

Motorist Chasing Fire Trucks To Be Arrested

Plainly disturbed at the rash of motorist trying to beat or follow too closely on the heels of firemen rushing to an emergency, Madison Police Chief Harry Frankfort said today that policemen will enforce Ordinance 580, which regulates traffic.

The regulation reads: "Upon the sounding of gongs or warning devices used upon fire apparatus or fire patrol vehicles, drivers shall draw their vehicles as near to the right curb as is reasonably possible and shall remain standing until such fire apparatus has passed. It shall be unlawful for the driver of any vehicle, other than one on official business, to follow any fire apparatus in response to a fire alarm, closer than one block, or to park any vehicle within the block where fire apparatus has stopped to answer to a fire alarm.

"It shall be further unlawful for the driver of any street car or vehicle to drive over any unprotected hose of the fire department without the consent of the fire marshal or the assistant in command."

Chicken Burns: Fire Call

Chicken burning in a pan resulted in a fire call that summoned Granite City firemen to 2011 East 20th street at 3:40 p.m. Monday. Except for the badly burned fowl, no loss was reported. John A. Leitner is owner of the property.

Search For Terrier That Bit Children

A small white terrier with black spots that bit two children along the 2400 block of Washington avenue Saturday is being sought by the parents and police for rabies observation.

The dog, reportedly seen often in the neighborhood, climbed the front steps at the home of Mr. and Mrs. George Moran, 2433 Washington avenue, and bit the two Moran children, Michael, 4, and John, 3, who were sitting on the porch swing. The boy was bitten three times on the foot and toe while the girl was bitten on the finger.

If it is not determined the dog has had anti-rabies inoculation, the children may have to undergo series of inoculations themselves.

Speeding, No License

Richard C. Taylor, 17, of 2009 Garfield avenue, was arrested by Granite City police Tuesday morning on a charge of speeding at Namok road and Madison avenue, and having no city license. Posted as bond was his driver's license.

Optimists Hear Outline On Teacher Recruitment

Earl Lee, administrative assistant for the Granite City community unit school district superintendent, explained to the 18 Twilight Optimists, gathered for their bi-weekly Monday meeting in the Rose Bowl restaurant, the first of the question forms in their pre-hiring depth analysis of teacher applicants in the school system.

The individual must fit the job, Lee said prefacing the three-point procedure.

First, the candidate must fill out a lengthy questionnaire giving in detail educational background, employment history, and qualifications for the position.

Stressing quality rather than quantity, the information is carefully checked with references, who also receive a questionnaire requesting an evaluation of the teacher's past performance, interests and capabilities.

If a satisfactory response is received, the applicant then meets with school authorities for a probing personal interview, and receiving a passing grade, is recommended to the school board for employment consideration.

The board in its turn evaluates the records and passes judgment on the individual's merits.

Return Tuesday To Two-Way Traffic

Plans for the return next Tuesday of two-way traffic along State and 18th streets in the Granite City business district are going ahead as scheduled, according to Police Chief Raymond Willard.

Early next week directional signs and additional boulevard stop signs will be erected, the chief said, but restrictions will be kept at a minimum. The one-way northbound status of Grand and Edison avenues will remain unchanged.

Left and right turns will be permitted at the 18th and State street intersection under the new plan and the only left turn restrictions will be for west-bound traffic on 18th street at the Grand avenue and Edison avenue intersections and north-bound traffic on State street at 20th street and at Niedringhaus avenue.

Adoption of the traffic move was made about seven months ago by the city council which authorized Chief Willard to make any changes necessary. It was requested by retailers after a survey of downtown merchants.

Ruth O'Dell Circle Meets

The Ruth O'Dell Circle of Catholic Baptist Church met Tuesday in the home of Mrs. Lela Bradford on Pontoon road.

Seven were present, including a guest, Mrs. Edith Harris, and Mrs. Bradford, program chairman, discussed the topic "Sharing Possessions."

Mrs. Thelma Phelps, missionary chairman, announced plans for a study class later in the month. Announcement also was made of a box sent to a missionary in South Carolina. The meeting opened with prayer by Mrs. Harris, and the dismissal prayer was offered by Mrs. Beatrice Henry.

Refreshments were served by the hostess. The next meeting will be Sept. 13 in the home of Mrs. Phelps, 2808 Warnock avenue.

FORMER RESIDENT IS MARRIED IN ST. LOUIS

Announcement is made of the marriage of Mrs. Walter Hollis Averill and Dr. William Bryan Lytton Jr. of St. Louis. The nuptial mass was solemnized at 10 o'clock Monday morning at the Church of the Annunciation by Rev. Joseph E. McIntyre, chaplain of St. Vincent's Hospital, where Dr. Lytton is vice-president of the staff.

The bride, first married to the late Stuart M. Butler, was Miss Mary Frances Harris, a daughter of Mrs. John B. Harris of this city, and the late Atty. Harris. Dr. Lytton is a son of Mrs. William B. Lytton of the Ellington Apartments, 4861 Laclede avenue, and the late Mr. Lytton.

The bride wore a summery sheath dress of white linen, the material hemstitched in squares, and a small white flower hat. Her flowers were gardenias.

After the service, the guests went to the bride's home, 930 Cella road, Ladue, near the church, to drink a champagne toast to Dr. and Mrs. Lytton and to offer congratulations.

After a two-week honeymoon, the bride and groom will live at Dr. Lytton's home, 29 Overhill drive, Ladue.

The bridegroom took his pre-medical work at the University of Illinois where he became a member of Delta Kappa Epsilon fraternity. He holds a master's degree from St. Louis University and served internships at St. Mary's Group of Hospitals, near DePaul Hospital, and psychiatric internships at McLean Hospital, Boston, the Institute of Living, Hartford, Conn., and Bellevue Hospital, N. Y. In addition to his duties at St. Vincent's, he is chief of the psychiatric service at St. John's Hospital.

VACATIONISTS RETURN

Mr. and Mrs. Dan Brown and children, Carol, Cathy, Jo Ann and Jimmy, 1828 Spring avenue, have returned from a fortnight's vacation. They were guests of their parents, Mr. and Mrs. George Brown and Mr. and Mrs. C. E. Kirby, in Jackson, Mich., and spent several days in Lansing, their former home. During the route, the local Boy Scout executive and his family were guests of his brother and sister-in-law, Mr. and Mrs. Richard Brown of Vandalia, O.

9 Local Students To Get SIU Degrees Tomorrow

Nine local students will be among a record-setting summer class of 502 to receive degrees tomorrow at Southern Illinois University commencement exercises in Carbondale's McAndrew Stadium. Included in the local group will be five from SIU's southwestern centers at Alton and East St. Louis.

From the Southwestern campus the candidates for degrees include Gary Rudder, Joyce Albers and Sarah Roberts Huber from Granite City and Michael Sikora and Guerdon Kimball of Madison. They are part of a class of 32 from the local residence centers to receive bachelor's degrees.

Two Granite City students, Robert Holton and Harry Lane, will receive master's degrees. John Causey and Penelope Sioult, also of Granite City, will be awarded bachelor's degrees.

Dr. E. C. Coleman, professor of English at the Carbondale campus, will be the principal speaker. Included in the class will be seven candidates for doctorate degrees, the largest group of Ph.D. winners since doctoral programs were begun at SIU four years ago.

Be prepared for emergencies—engine trouble often develops in a flight of the imagination.
